

Global Contract Research Organizations Market 2017 Size, Status, Type and Application, Segmentation, Forecast by 2020

WiseGuyReports.com adds "Contract Research Organizations Market 2017 Global Analysis, Opportunities Research Report Forecasting to 2020" reports to its database.

PUNE, INDIA, November 22, 2017 /EINPresswire.com/ -- [Contract Research Organizations Market:](#)

Executive Summary

A contract research organization (CRO) is a service provider, which offers end-to-end solutions in conducting clinical trials for biopharmaceutical and medical device companies. The core services offered by CROs to biopharmaceutical companies include initial drug discovery solutions, toxicology studies, bio-analytical services, central laboratory, site monitoring, data management services, vigilance, bio-statistics, study and development program design and consulting, regulatory affairs and a variety of post-marketing surveillance services. At present, many pharmaceutical companies outsource their R&D activities to CROs and is expected that these companies will increase their outsourcing activities for drug the development process to CROs going forward.

The report delivers a strategic analysis of the global market for CROs, and growth forecast for the period from 2012 – 2020. The scope of the report includes competitive analysis of various market players who are operating in the market, segmental analysis based on the type of clinical trial phases and therapeutic areas. It also covers geographical analysis of the market with growth forecast for the period of 2012 – 2020.
