PUNE, INDIA, November 27, 2017 /EINPresswire.com/ -- ABOUT THIS REPORT

Industry's turnover estimated to see 13% CAGR over 2015-2020, underpinned by expanding domestic construction, manufacturing and trade sectors, flourishing tourism and road infrastructure investments. Industry raises spending on vehicle fleet by 7%, buying more new trucks and buses to handle rising traffic in 2015. Road transport capacity significantly increases in 2015 as Indian Government accelerates investments in road networks by extending national highways and other roadways. Industry' turnover expands 13% in 2015, due to rising usage of bus passenger services and higher cargo transport demand in local construction, textile and other sectors.
