

Woofloo Self-Flushing Dog Toilet Live on Kickstarter

Woofloo, the highly anticipated self-flushing dog toilet has launched on crowdfunding platform Kickstarter on 23 November 2017.

MONGKOK, KOWLOON, HONG KONG,
November 27, 2017 /

EINPresswire.com/ -- The first 500 pre-orders will be expected to ship to the UK, US, Germany, Hong Kong, Singapore and Malaysia by March next year.

Woofloo has received attention among dog owners around the world for its unique but simple solution on solving the pee problem with dogs at home. Many city people as well as suburban house owners are not always able to walk the dog 3-4 times a day for a wee wee. Thus, a dog potty is an unavoidable must-have. However, typical dog potties are plastic products that don't work well or last long.

The Woofloo [dog toilet](#) is the result of aggregated feedback and ideas from thousands of people. The solution is simple and minimalistic.

Crafted from high-grade aluminium, Woofloo can hold up to 130lbs/60kg and is available in three different sizes to ensure it works for all dog breeds.

3 Different Size up to 130lbs/60kg

Woofloo solved the biggest problem -the urine smell problem- by integrating a water flush that regularly rinses any urine from the toilet automatically. Woofloo's Flush Timer controls the flush duration and frequency, and can be set by according to preference, e.g. to flush for 10, 20, or 30 seconds every 1, 2, 3 or 4 hours.

Woofloo can be used inside or outside on a terrace, porch or yard, and will be offered in five stylish colors including decorative wood-grain coatings.

The grass is a special-made artificial grass for dogs which allows easy drainage, avoids fungus and makes the potty training a lot easier.

Shipping of Woofloo will start in March 2018 worldwide. Included in the box is a 10-foot flexible drain hose as well as tips and guidelines on how to potty-train the dog. A cute red mail box which functions as a aiming target for male dogs, can be purchased as a separate add-on.

The [Kickstarter](#) campaign is looking to raise US\$ 15,000 by 7 January 2018. Perks include an early bird price of US\$210 for a medium sized Woofloo, flush timer, artificial pet grass patch and drain hose, saving over 30% off the RRP and free shipping.
