

Royal Blues Holiday Celebration for Prostate Cancer Awareness

Presented by PCa Blue Featuring 2017 GRAMMY® Award Winning Blues Recording Artist Bobby Rush and Multi-Award Winning Blues Artist Big Bill Morganfield

ATLANTA, GEORGIA, USA, November 27, 2017 /EINPresswire.com/ -- Hosted by ABC WSB-TV reporter, Tom Jones, and WRFG Radio, DJ UK Bob, Legendary bluesman [Bobby Rush](#) lends his voice to the cause to help save lives: "Prostate cancer is a deadly disease that is impacting too many men, particularly African American men because we are not talking about it. Together we can change that and save lives" Bobby Rush.

The 2017 Blues 4 Prostate Cancer Education Tour is making an impact in the Atlanta metro area on December 16 with the Royal Blues Holiday Celebration for Prostate Cancer Awareness. PCa Blue and the Atlanta Blues Society are working together to connect the dots between prostate cancer and blues music by hosting an educational concert event on Saturday, December 16 at The Vista Room. The show will feature legendary bluesman, GRAMMY® Award Winner Bobby Rush and Atlanta's very own Blues Master [Big Bill Morganfield](#), (Muddy Waters' son).

The event is a fundraiser for PCa BLUE, a 501(c)(3) nonprofit organization dedicated to raising prostate cancer awareness. Proceeds from events support national prostate cancer education organizations, PHEN, Us Too and ZERO, and the Blues Foundation's HART Fund (Handy Artists Relief Trust), which helps blues musicians and their families in financial need due to a broad range of health concerns.

“

Together we can save lives.”
Bobby Rush

Prostate cancer is the most commonly diagnosed cancer in American men. There are nearly 3 million prostate cancer survivors in the U.S. today and more than 161,000 men will be diagnosed this year. All men are at risk, some more than others. This is a cancer that has very few if any, noticeable symptoms when it is in its earliest, curable stage. Each educational event of the tour promises a great evening of blues music plus prostate cancer information from medical experts, survivors and advocates about the risk factors, screening procedures and treatment options available. Prostate cancer survivors will share their stories and leaders from the urology and oncology communities will share their knowledge. This event will include a silent auction. A special VIP Experience including a private meet and greet at Pittypat's porch the
