RAIPUR, INDIA, November 27, 2017  
/EINPresswire.com/ --

Report Sellers has added a new market research report "[Mobile Cranes- Global Market Outlook \(2017-2023\)](#)" to its offerings.

According to Report, the [Global Mobile Cranes Market](#) is accounted for \$9.08 billion in 2016 and expected to grow at a CAGR of 6.9% to reach \$14.56 billion by 2023.

The market is driven by rapid growth in the power distribution sector, demand from utilities sector, expansion in industrial construction and maintenance and increased infrastructure based development. Further, demand for fleet management services is also provoking demand for cranes. On the other hand, lack of skilled and qualified crane operators, stringent emission norms, used and spurious equipment and growing cost of compliance are inhibiting the market growth.

Few trends that market is witnessing are growing popularity of telescopic crawlers, demand for mobile tower cranes and rising use of telematics. The construction segment dominated the end user market due to the recovery of the housing market and growth in the non-residential construction industry. All-terrain crane segment dominated the global mobile cranes market. Asia Pacific region is expected to bloom during the forecast period as Countries such as India, Vietnam, Indonesia, Malaysia, and the Philippines will contribute significantly to the growth of this regional market as well as The government of China's focus on increasing the quality of the country's existing infrastructure is a significant factor. Europe and North America are expected to contribute the future growth of the mobile cranes market.

The key players in global Mobile Cranes market are Hitachi Sumitomo Heavy Industries Construction Crane Co., Ltd., KATO WORKS CO, LTD, Kobelco Construction Machinery Co., Ltd, Liebherr Group, Sany Heavy Industry Co., Ltd, Tadano Ltd, Terex Corporation, The Manitowoc Company, Inc, XCMG Construction Machinery Co., Ltd and Zoomlion Heavy Industry Science and Technology Co., Ltd.
