Go Deep – Go Wide – or Go Home”

Thomas E. Skala

Genie Gateway CEO Thomas Skala went straight to the point in a recent presentation. “Go Deep – Go Wide – or Go Home”, “Now you can build an organization consisting of ISOs, Agents, Sub Agents and Merchants in which no one has to wait for ANYTHING:

1. Merchants can activate their accounts complete with an online store and shopping cart anytime 24X7X365 in just a few minutes.
2. Merchants get paid in real-time as soon as they make a sale.
3. ISOs receive their commissions deposited to their “cash box” in real-time whenever the Merchants in their book of business make a sale.

I rest my case”,

“Genie Gateway would like to invite you to explore the opportunity of becoming an agent for providing our high-risk alternative payment services. Whether you’re an aspiring entrepreneur, a professional sales consultant, experienced and knowledgeable in merchant services or simply a dedicated

visionary setting out to accomplish goals, this highly profitable business opportunity is ideal for you.” concluded Skala.

Mark Newgreen, Genie Gateway CFO, said “Genie Gateway is an interactive multimedia communications hub, featuring a digital buffet of business solutions, enabling ISOs to recruit their Agents and Sub Agents and earn commissions on their activity, in real-time, 24X7X365.”

Stuart Scamman, Genie Gateway’s CTO elaborated. “As long as you can remember your cell number, you can make payments face-to-face, online or by phone at any time; and because you do not provide any of your personal financial information at the time of purchase, you are much safer.”

Robert A. Peisner, President of Worldwide Merchant Services, Inc. asked... Are you chasing after an alternative payment solution with a NO DECLINES, 5 MINUTE, ONLINE MINI APPLICATION for your declined High Risk Merchant Accounts? Are you an ISO? Do you manage a credit card processing company? Have you been searching – in vain – for an alternative solution for your declined merchants? Well, your search is over! Whether they are declined for poor credit, prohibited business type, high ticket or volume, or closed due to chargebacks or security risks, Genie Gateway can turn all those declined merchants (except for Casino Gaming) into a new revenue stream for you with a generous residual split paid to your “cash box” within 5 minutes after the completion of every transaction. 24x7x365.

Jonathan Imm, Executive Director of Globility Link Inc., added, “My merchants can avoid the hassle and risk associated with credit card processing! Now MY Merchants can receive payments within five minutes, from any customer with a valid checking account at any bank in the U.S. and each ISO, Agent, Sub Agent and Merchant get their own customized Genie Gateway with a full virtual office to help run their business, 24X7X365.”

“After initial setup, buyers NO longer need to provide their credit card, or bank account information, to complete a purchase. Repeat customers will ONLY need their cell number and password then click on

"Pay"," said Genie Gateway COO, Randall Skala, "I think it is very exciting to be able to walk into a merchant's store or use their web site, select something I want to purchase, and just give the merchant my cell number which they enter into their virtual point of sale terminal. I immediately get a text asking me to approve the purchase. When I approve, the merchant is paid instantly. And unlike a traditional or prepaid credit card, I have to approve every transaction separately on my cell phone, in real-time, so no one can pretend they're me."
