

Agenda Released for 2018's Military Space Situational Awareness Conference

SMi Reports: Senior Military confirmed to present at the 13th annual Military Space Situational Awareness Conference

LONDON, UNITED KINGDOM, November 28, 2017 /EINPresswire.com/ -- Conference organisers SMi Group have released a brochure for the upcoming, 13th annual [Military Space Situational Awareness \(SSA\) conference](#), returning to London, UK on the 25th and 26th April 2018.

With the defence industry becoming ever more data driven, ensuring that space systems can operate both safely and efficiently is crucial for government and military agencies. Military SSA 2018 will bring together key military, government, civilian and industry stakeholders, to discuss leading approaches and strategies being adopted to generate a holistic approach to SSA, at a time when the domain is growing increasingly congested with active satellites, space debris and adverse threats.

Featuring insightful presentations and unparalleled networking opportunities, key focuses of the agenda include: Space Surveillance and Tracking (SST) data, next-generation sensor and radar capabilities, space weather, intercontinental-ballistic missile strikes, space governance of Low Earth Orbit (LEO) satellite launches and planned mega-constellations and much more.

Building on the successes of last year's meeting, Military Space Situational Awareness 2018 will also include an interactive half-day, [pre-conference workshop](#) on: 'Developing a Roadmap for Proportionate Space Regulation', hosted by Sqn Ldr (Ret'd) Ralph 'Dinz' Dinsley, Associate, Reflecting Space. Tuesday 24th April 2018, 12.30-16.30.

Featured Topics Include:

1) Keynote Address: Priority Number One for Joint Space Command: Enhancing SSA Capabilities to Ensure the Security of All Space Systems

Presented by: Brigadier (AF) Jean-Pascal Breton, Commander, French Joint Space Command, French MoD

2) Creating an Effective Space Security Structure for The UK's Civilian and Military Space Assets
Presented by: Colin Armstrong, Head of Space Security Policy, UK Space Agency

3) Utilising SSA To Protect European Space Assets from Adverse Space Threats
Presented by: Nicolas Bobrinsky, Head of SSA Programme, European Space Agency

4) Providing SST Cataloguing and Effective SSA To Assure Global Freedom of Action in Space for US Forces and Her Allies
Presented by: Ms Diana McKissock, 18th Space Controls Squadron, US Air Force

Plus, 18 more senior experts to present from the military, industry and research for enhancing situational awareness capabilities to ensure the security of vital space assets.

The full agenda/brochure is now available to download for free from the event website at:
