

DELTA PRO SCOOTERS LAUNCHES SCOOTER INDUSTRY'S FIRST SCOOTER RECYCLING PROGRAM

Delta's "Scooter Community Recycling Program" is good for kids and good for the planet

BEND, OR, UNITED STATES, December 1, 2017 /EINPresswire.com/ -- [Delta Pro Scooters](#) announced today the launch of its industry-first scooter recycling program. This holiday, and into next year, riders can recycle the equipment of Christmas Past with Delta Pro Scooters' [Community Scooter Recycling Pilot Program](#), and keep their carbon footprint and clutter to a minimum.

Riders simply fill out the [online form](#) and Delta will mail them an empty package with paid shipping. Then riders just throw whatever scooters or parts they want in there, Delta sends the parts to a recycling center and emails riders a code for 15% off a new scooter. Sick, right?

Kevin Mooney, founder and president of Delta Pro Scooters, said, "It has been a joy to see our riders progress, learn new tricks and take their skills to the next level. As they grow and graduate to the next level of riding, they naturally want to step up to the latest gear. This leaves old scooters either piling up in the garage or heading to the landfill. We love the idea of pulling together as a community to have a positive impact on both the micro level and the macro level."

With old equipment out the door, riders now have room to join the #Deltafam and upgrade to a pro scooter, trick scooter or freestyle scooter like the Delta Recon Complete (\$199.99) or Delta Mach One Complete (\$279.99):

- Delta Pro Scooters are made of technologically advanced materials, like 4130 chromoly, a high-strength, low alloy steel, or the same 6061 aluminum alloy used in aircraft structures

- High-quality components and construction make for safer, more durable, and longer lasting equipment
- FREE shipping for orders over \$99
- Delta pro scooters are for sale online at [deltaproscoters.com](#). Embrace the #deltavibes
