Description

WiseGuyReports.Com adds" Global Rigid Sleeve Couplings Market 2017-2021 "Research To Its Database.

The global rigid sleeve couplings market is expected to witness a stable growth during the forecast period. The market includes all rigid couplings with sleeves that are used for the transmission of power/torque through shafts. The major factors that will drive the demand in the market will be the low cost of the couplings and their high-power transmission capabilities. The global couplings market is considered as the parent market to the market in focus and includes elastomeric couplings, mechanical couplings, and metallic couplings. Couplings form an integral part of rotating machines that have shafts to connect with a series of systems. Couplings ensure transmission of power and torque between shafts without any loss of energy and wear in the system.

Covered in this report

The report covers the present scenario and the growth prospects of the global rigid sleeve couplings market for 2017-2021. To calculate the market size, the report considers the retail selling price as the average selling price of the product.

The market is divided into the following segments based on geography:

- Americas
- APAC

- EMEA

The Global Rigid Sleeve Couplings Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Altra Industrial Motion
- Regal Beloit
- Rexnord
- Ruland
- Timken

Other prominent vendors

- Barmex
- Chinabase Machinery
- Climax Metal Products
- ETP Transmission AB
- JAKOB Antriebstechnik
- NBK
- Stafford Manufacturing
- TSUBAKIMOTO CHAIN
- Vulkan
- Oren Elliott Products
- HA-CO

Market driver

- High torsional rigidity without backlash
- For a full, detailed list, view our report

Market challenge

- Zero tolerance for misalignment
- For a full, detailed list, view our report

Market trend

- Advances in coupling technology

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
