The WealthCenter will provide a "Free Financial-Checkup", and a personal financial plan (PFP) for everybody in the community. Local, national banks and financial service vendors interested in serving or investing in these communities will be represented at the WealthCenter. We will also provide a rescue improvement plan for social, economic and human capital development for each neighborhood.

Each AFRO Dollar is backed by a US Dollar. The AFRO Dollar-Digital is not a cryptocurrency or Bitcoin, its "Digital Cash", which means it can be accepted, anywhere, anytime, by any merchant,

person, business, non-profit, association or government as a real time 'private' transaction. "The open-source software of the blockchain attribute is too immature to allow us to fulfill our mission of community economic transformation, so we developed a better framework for our objectives." stated Mr. Price
