

# III International Gathering on Obesity and Chronic Diseases at Los Angeles, CA during July 23-25, 2018

*The III International Conference on Obesity and Chronic Diseases will witness a wide range of discussions & networking events in July 2018 at Los Angeles*

PLANO, TEXAS, UNITED STATES, December 14, 2017 /EINPresswire.com/ -- The past two annual meetings on Obesity and Chronic Diseases have been a huge success contributing with interesting presentations, innovative posters and an amazing opportunity for discussions and networking of researchers across the world. Believing to continue through the path of success, United Scientific Group proudly announces the 3rd International Conference on Obesity and Chronic Diseases (ICOCD-2018). The conference will be held from July 23-25, 2018 at [Four Point by Sheraton Hotel near Los Angeles International Airport](#) with a gathering of around 150 prominent researchers from academia, industry and government agencies from over 30 countries around the world.

Throughout the three days of this event, the participants will witness experts delivering talks to explore various aspects of [Childhood Obesity](#), the links of obesity and chronic diseases, obesity treatment options, prevention methods and control therapies. We expect attendees to enjoy both the scientific part and the networking opportunities to share their views on research areas and extend the existing network.

“

Grab knowledge about all recent advancements of obesity field by joining us”  
*Organizing Committee  
ICOCD-2018*

There are many potential speakers willing to join us at this international platform. We have confirmed a series of keynote

speakers which include

1. Prof. Reza Hakkak from University of Arkansas for Medical Sciences, AR (Organizing Committee Chairman of ICOCD-2018)

2. Prof. Walter J. Pories from East Carolina University, NC
3. Dr. [Joel Fuhrman](#) from Nutritional Research Foundation, USA
4. Prof. Edita Stokic from University of Novi Sad, Serbia
5. Dr. Deirdra N. Chester from National Institute of Food and Agriculture (NIFA), USA
6. Ms. Jennifer Cassette, Nutrition, Self Defense, and Fitness Expert, USA

Along with the series of interactive talks, poster presentations, workshops, and networking events; the conference will also provide exciting opportunities to industries/companies to showcase their services to an international audience.

#### About Organizer

United Scientific Group (USG), an expert-driven initiative led by the editor's association and the advisory board which includes academicians, researchers, and industry leaders across various fields of research.

Prof. Reza Hakkak is the founder and Editor-in Chief of Journal of Obesity and Chronic Diseases, a peer-reviewed, open-access journal aims to publish articles that contribute significant new knowledge to our current understanding about all aspects of obesity and the related chronic diseases. The main areas of focus will be on studies that help in understanding the biology, genetics, epidemiology, pathogenesis and prevention, management and treatment methods of obesity. The journal has published two issues in the Inaugural year 2017. With the support of our editorial board, authors and reviewers, JOCD will become a world class scientific journal and an invaluable resource for researchers, clinicians, health care professionals in obesity as well as broad scientific community. Please visit JOCD: <http://unitedscientificgroup.com/journals/obesity-chronic-diseases>

USG provides broad range of services in the fields of science and technology including publishing, conducting world class scientific events, and holding highly interactive and proficient world forums. For more information, please visit: <http://unitedscientificgroup.com/>
