

Rising Health Consciousness among the Population is Anticipated to Flourish the Growth of Virgin Coconut Oil Market

Rising Health Consciousness among the Population is Anticipated to Flourish the Growth of Virgin Coconut Oil Market in near future, According to Research Nester

BROOKLYN, 11230, UNITED STATES, December 14, 2017 /EINPresswire.com/ -- "Virgin Coconut Oil Market: Global Demand Analysis & Opportunity Outlook 2023"

The [global virgin coconut oil market](#) is segmented into application such as healthcare, cosmetics, cooking oil and others. Additionally, healthcare segment accounted for the lion share in overall

virgin coconut oil market and is projected to grab a noteworthy CAGR by 2023. Likely, rising healthcare expenditure and rising personal disposable income all over the globe is believed to flourish the growth of global virgin coconut oil market. Apart from this, cosmetics segment is believed to attain a significant CAGR over the forecast period due to growing demand for natural cosmetics.

Global virgin coconut oil market is anticipated to showcase a tremendous CAGR of 11 % over the forecast period i.e. 2016-2023. Additionally, the market is riding on the back of growing geriatric population along with higher health consciousness. Moreover, the global virgin coconut oil market is projected to account exponential revenue by the end of 2023.

The organic segment by type is estimated to account the biggest market of virgin coconut oil in 2015. Likely, the main reason for this despaired share is due to the numerous advantages offered by organic coconut oil over the [inorganic coconut oil](#). In terms of geography, the Asia-Pacific countries such as Indonesia, Philippines and India are known for producing virgin coconut oil products. The Asia-Pacific is expected to continue to play a leading role in producing virgin coconut oil. These factors are expected to propel the growth of virgin coconut oil market during the forecast period i.e. 2016-2023.

Rising Health Awareness

Increasing adoption of virgin coconut oil by the consumers on the back of increasing interest in nourishing lifestyle and increasing intake of omega fatty acid is believed to be one of the factors fuelling the growth of virgin coconut oil market. Moreover, increasing usage of virgin coconut oil due to its various properties such as it helps to control the cholesterol level, promotes the effective utilization of blood glucose and others are also expected to bolster the market of virgin coconut oil.
