

# Pope Francis Must Demand Resignation of Cardinal Dolan & Gov. Cuomo

*Cardinal Dolan and Gov. Cuomo must resign for enabling countless sexual predator and pedophile caregivers to continue to rape disabled women and children*

ALBANY, NEW YORK, UNITED STATES, December 18, 2017 /EINPresswire.com/ -- This press release is in direct response to what appears to be [Pope](#) Francis's response to the investigative research of the Jonathan Carey Foundation and scathing information released publicly about sex crime cover-ups in a 9 piece series on Pope Francis News Today.

Pope Francis must intervene immediately to protect sexual assault victims with disabilities from their sexual predators protected and shielded by Governor Andrew Cuomo and Cardinal Dolan

This relatively short AP News piece starts off by saying “Pope Francis is criticizing journalists who dredge up old scandals and sensationalize the news, saying it’s a “very serious sin” that hurts all involved.”

“

People in large institutions in positions of authority that have protected and shielded sexual predators, pedophiles and rapists cannot escape justice, they must finally be held accountable.”

*Michael Carey - Advocate for people with disabilities and their families*

“The truth is, if there is something evil buried and hidden that is extremely dangerous, it needs to be brought back up and into the light to be removed. People in large institutions in positions of authority that have protected and shielded sexual predators, pedophiles and rapists cannot escape justice and they must be finally held accountable.” – Michael Carey

As far as hurting those that are involved in such heinous sex crime cover-ups, they need to be exposed and they need to be held accountable for their crimes. Enablers and protectors of sexual predators cannot continue to escape justice and be able to allow known sexual predators to severely harm more innocent victims. Raping and sodomizing girls and boys and

women and men with disabilities are crimes that must be prosecuted, not internally buried and covered-up. People in positions of power and authority within the Church or within government that protect and shield these sexual deviant monsters are criminals and monsters themselves.

The Jonathan Carey Foundation which advocates for the safety, protection, equal rights and the lives

for people with disabilities, who are unable to do so for themselves, has uncovered what is believed to be the largest sex scandal cover-up scheme possibly of all time. Thousands of innocent children, women and men with different types of disabilities are being raped and sodomized in residential mental health facilities and group homes in New York State. This evil is happening all of the time in State run and privately sub-contracted facilities and group homes and both [Governor Andrew Cuomo](#) and Cardinal Dolan know about these atrocities and they have done nothing significant to stop the sex crimes or the cover-ups of almost all of them.

The Jonathan Carey Foundation released the blistering series of press releases featured on Pope Francis New Today after numerous pleas for help for the disabled by Michael Carey, the founder of the Jonathan Carey Foundation, were ignored by Catholic Church leaders. [Cardinal Timothy Dolan](#) ignored the disabled and over a dozen letters sent by email as the Cardinal in New York State where these crimes are occurring. Cardinal Dolan looked the other way and by his silence and complicity allowed the astronomical numbers of rapes and cover-ups, these atrocities, to continue day after day. Nothing has changed; this evil and criminal activity is going on right now, every day. This news is current and truthful news, it is not fake news.

This is not about dredging up things of the past; it is about finally dealing with evil that is going on now and the root causes to why most sex crimes committed against the disabled are covered-up internally and rarely reported to the police. This is about Church and government leaders finally addressing the wide-scale discrimination and civil rights violations committed against the disabled worldwide, which is similar to what Dr. Martin Luther King Jr. exposed and fought against. The deep and underlying severe systemic problems have not been addressed, nor have the people involved in this wickedness that have chosen to protect their institution and money over the safety of innocent women and children with disabilities.

For over ten years Attorney General Cuomo and then Governor Andrew Cuomo have protected countless sexual predators, pedophiles and rapists within State run and private mental health facilities and group homes from being fired and from being prosecuted. This timeline proves years of Governor Andrew Cuomo's direct involvement.

Governor Andrew Cuomo and Cardinal Timothy Dolan have worked hard together to protect institutional sex abuse and cover-ups of most of these crimes. In attempts to protect their institutions and vast amounts of money, they have negated their responsibilities to the most vulnerable people they are supposed to serve and protect.

Gov. Cuomo & Cardinal Dolan are Protecting Sexual Predators and the Motive is Money

The grave sins involved here are the sins surrounding anyone involved in hurting Gods children. People with developmental disabilities who are gifts from God to us all, in most cases, remain like little children their entire life because of their disability. I believe it is important now to bring to light this important truth from the Holy Scriptures, the Bible, regarding this "very serious sin" from Luke Chapter 17 verse 2;

"It were better for him that a millstone were hanged about his neck, and he cast into the sea, than that he should offend one of these little ones."

People involved in hurting Gods children or anyone knowingly involved in enabling people to do so are just as guilty and even more so. The good news is there is repentance and forgiveness for all that humble themselves and ask God for it, but there must also be a turning from being involved in such wicked activities. This is the hope Michael Carey has for the Catholic Church, for Catholic Church leaders, all spiritual leaders, for government leaders and all other leaders that heed the call to move towards doing what is right and just to protect and defend the defenseless.

It is not about dredging up old sins and atrocities it is about finally dealing with these major societal problems which is people using vulnerable people with disabilities for sex and severely damaging these precious people's lives and the institutional cover-ups of these crimes. This is not about getting in a back and forth debate with Pope Francis, it is about bringing to light the much deeper problems which are the Institutional cover-ups of sex crimes and the protection of really bad people that allow these horrors to continue. This institutional sex cover-up scandal is an international crisis throughout the entire world that must be addressed and stopped and Pope Francis can help bring about great changes.

"People in positions of power have tried to hide and conceal these atrocities for decades because it is very ugly, because it is extremely evil and because it will cost very powerful people their jobs. The people exposed will be publicly shamed and it will also cost institutions vast amounts of money because of their sins and their crimes, but the truth must come out into the light. Institutional and societal reformation can and must happen now, it's that simple, we cannot allow these atrocities and the wide-scale discrimination against our vulnerable to continue." - Michael Carey

Michael Carey's hope and prayer is also for Pope Francis to come alongside and help champion the greatest Civil Rights Movement of our day, which is to finally ensure equal rights and protections for our most vulnerable people with disabilities.

Please donate and support this vital Civil Rights Movement. Thank you.
