

# Cell-based Assay Market 2017 Global Share, Trend, Segmentation and Forecast to 2021

*The analysts forecast the global cell-based assay market to grow at a CAGR of 11.3% during 2014-2019.*

PUNE, INDIA, December 19, 2017

Global [Cell-based Assay Market](#)

## Description

WiseGuyReports.Com adds" Global Cell-based Assay Market 2015-2019 "Research To Its Database.

Cell-based assays are used to measure biochemical or cellular functions such as cell motility, morphology, cell proliferation, toxicity, and stem cell differentiation. The components of cell-based assays include instruments and consumables. These components are used for screening and analysis of the cell functionality. The ease-of-use and accuracy of measurements make them important component in various research and commercial applications such as drug discovery and toxicology.

## Covered in this report

The report includes the present scenario and the growth prospects of the global cell-based assay market for the period 2015-2019. Based on application, the market can be segmented into drug discovery and toxicology.

The Global Cell-based Assay Market 2015-2019, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the Americas, APAC, and EMEA; it also covers the landscape of the market and its growth prospects in the coming years. The report includes a discussion of the key vendors operating in this market.

#### Key regions

- Americas
- APAC
- EMEA

#### Key vendors

- EMD Millipore
- Perkin Elmer
- Sigma-Aldrich
- Life Technologies ( a subsidiary of Thermo Fisher Scientific)

#### Other prominent vendors

- Agilent Technologies
- Attana
- BioTek Instruments
- BioVision
- BMG LABTECH
- Cayman Chemical
- Cisbio Bioassays
- Corning
- DiscoverX
- F. Hoffmann-La Roche
- ProQinase
- XENOMETRIX
- Molecular Devices
- Pall Corporation
- Promega Corporation

#### Market driver

- Increase in adoption of label-free cell-based assay
- For a full, detailed list, view our report

#### Market challenge

- Lack of skilled technicians
- For a full, detailed list, view our report

## Market trend

- Automation of cell-based assay
- For a full, detailed list, view our report

## Key questions answered in this report

- What will the market size be in 2019 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

## Table of Contents -Major Key Points

### PART 01: Executive summary

Highlights

### PART 02: Scope of the report

Market overview

### PART 03: Market research methodology

Research methodology

Economic indicators

### PART 04: Introduction

Key market highlights

Market overview

### PART 05: Market landscape

Market size and forecast

Five forces analysis

### PART 06: Market segmentation by application

Global cell-based assay market by drug discovery

Global toxicology market

PART 07: Market segmentation by product type

PART 08: Geographical segmentation

Global cell-based assay market segmentation by geography

Cell-based assay market in Americas

Cell-based assay market in EMEA

Cell-based assay market in APAC

PART 09: Market drivers

PART 10: Impact of drivers

PART 11: Impact of drivers and challenges

PART 12: Market trends

Competitive scenario

PART 13: Vendor landscape

Market share analysis 2014

Other prominent vendors

PART 14: Key vendor analysis

EMD Millipore

Thermo Fisher Scientific

PerkinElmer

Sigma-Aldrich

List of abbreviations

PART 15: Appendix
