

# RE/MAX Professionals Real Estate Agent Jim Garcia Announces Expansion of Services to El Paso County, Colorado

*To better serve real estate clients, RE/MAX Professionals Realtor Jim Garcia expands his Colorado operations to El Paso County as growth continues to move south*

CASTLE ROCK, CO, USA, December 29, 2017 /EINPresswire.com/ -- With the recent announcement in [The Denver Post](#) that the Colorado Department of Transportation identified \$250 million to potentially use for broadening I-25 from Monument to Castle Rock, RE/MAX Professionals Real Estate Agent [Jim Garcia](#) has decided to expand his real estate services to cover El Paso County, Colorado.

Growth continues along I-25 Corridor

As growth continues along the I-25 corridor from Castle Rock to Larkspur, Monument, Palmer Lake, and Northern Colorado Springs, Jim Garcia's real estate team now assists individuals and families who are buying or selling residential property in Douglas County and in these additional Colorado Springs areas.

“

The growth and increasing housing costs in Castle Rock are spurring more real estate activity in the areas south of Douglas County.”

*Jim Garcia*

Additionally, Mr. Garcia and his team now have full access to the Multiple Listing Services (MLS) in both geographic areas. Previously, Jim had access to ReColorado – the MLS service that allows real estate agents to list homes for sale in the Denver metropolitan area and along the Front Range. Jim and his team now also have access to the Pikes Peak Multiple Listing Service – the MLS service that covers the El Paso

County, Teller County, and the entire Colorado Springs region.

“The growth and increasing housing costs in Castle Rock are spurring more real estate activity in the areas south of Douglas County. It has become more economical for many people who work in Castle Rock to buy a home in El Paso County and commute to work in Douglas County. The future widening of I-25 makes this an even more appealing option,” says Jim.

Many real estate agents do not have access to more than one MLS system, but Jim Garcia and his team find that an association with two systems better serves the needs of clients. With access to more than one system, Jim and his team gain maximum exposure when listing homes for sale. With their broader access, they can also find listings quickly and efficiently for clients who want to purchase

a residential property.

“Not only do I list my clients’ homes for sale on ReColorado and the Pikes Peak MLS, but also I post my listings internationally to more than 600,000 real estate agents in 135 countries and in 20 different languages. I do everything possible to sell my clients’ homes quickly and efficiently and with the professional expertise required in today’s tight market. I’m excited about my team’s expansion into El Paso County, and I look forward to assisting home buyers and sellers in this area navigate the complexities of buying and selling real estate,” concludes Jim.

About Douglas County Real Estate Agent Jim Garcia:

Jim Garcia as well as his full-service team specialize in buying and selling [homes in Castle Rock](#), Castle Pines, Parker, and all of Douglas County and El Paso County, Colorado. By providing exceptional customer service and solid advice so clients can make well-informed buying and selling decisions, Jim’s goal is to help clients achieve successful real estate transactions that meet their unique needs.
