

# Gov. Cuomo Covering-Up Homicides and Rapes

*Gov. Andrew Cuomo is directly involved in ensuring the cover-ups of staggering numbers of homicides and rapes occurring within his mental health agencies.*

ALBANY, NEW YORK, UNITED STATES, January 7, 2018 /EINPresswire.com/ --

For over ten years, from 2007 to present, Attorney General Cuomo and then [Governor Andrew Cuomo](#) have protected countless individuals that have committed the most heinous crimes imaginable against children and adults with disabilities within New York's mental health care system. On average, between 11-13 [deaths](#) are occurring every single day of vulnerable individuals with disabilities in Cuomo's extremely dangerous and deadly system. A

significant percentage of these deaths are criminally negligent deaths and literally almost all of them are covered-up. There have been close to 20,000 deaths in the last four and a half years alone reported to Cuomo's death hotline, instead of to 911 emergency call centers and prosecutions in only two deaths. Anyone looking at this can see the truth that Governor Andrew Cuomo is directing a criminal enterprise.

“

Governor Andrew Cuomo is without question the kingpin and leader of the largest death and sex cover-up scandal in New York State's history.”

*Michael Carey - Advocate for people with disabilities and their families*

Countless sexual predators, [pedophiles](#) and rapists within State run and private mental health facilities and group homes have been and continue to be protected and shielded from being prosecuted and from being placed on the sex abuse registry. The prosecution rate for crimes committed in the general public is between 60-70% and only a small fraction of 1% for the crimes committed against people with disabilities in Cuomo's system. This timeline proves years of Governor Andrew Cuomo's direct involvement.

Disability Rights New York (DRNY) is a corrupt entity that was handpicked by Governor Andrew Cuomo to ensure his own protection, as well as the protection of negligent providers, not for the protection of 1,000,000 New Yorkers with disabilities. DRNY has been primarily silent and complicit in

Governor Andrew Cuomo must be removed from office, indicted and prosecuted to the full extent of the law for his involvement in covering up thousands of reported deaths and sex crimes committed against people with disabilities within his agencies.

the criminal cover-ups for well over four years. DRNY top officials, which are all paid more money annually than Governor Cuomo, have ignored leading Civil and Disability Rights Advocate, Michael Carey's requests for DRNY to ensure swift federal criminal and civil rights investigations by the US Department of Justice. DRNY and their top officials and most importantly their Executive Director, Timothy Clune, are part of the criminal cover-ups and they must be prosecuted. DRNY and their top officials are aware of massive numbers of deaths and sex crimes and the fact that hardly any of them are being prosecuted, yet they sit on the sidelines in attempts to protect Governor Cuomo, who hired them.

DRNY knows that Cuomo's Justice Center was set up to be fraudulent and unconstitutional from the very beginning. DRNY knows that Cuomo's 'special prosecutor' that he appointed is a New York State employee with a direct conflict of interest. DRNY knows that the Justice Center does not have the Constitutional authority to independently prosecute crimes committed by State employees and that only county prosecutor's have this authority. DRNY has looked the other way and have ignored the most egregious civil rights violations against New Yorkers with disabilities and the criminal cover-ups. DRNY has documented in writing their knowledge of many negligent deaths and the fact that 911 and local authorities were not called, yet they failed to notify local authorities. DRNY is literally directly involved with the State's OPWDD mortality review process and has full knowledge of numerous homicides. DRNY is in cahoots or in other terms, they are in bed with the Governor Andrew Cuomo and the State.

Here are the numbers of reported sexual assaults and rapes within this same New York State agency called the Office of People with Developmental Disabilities (OPWDD). Also, remember this is only one of six of Governor Cuomo's extremely dangerous mental health agencies;

- 325 reported sexual assaults or rapes every 3 months or 1,300 annually.

-The real numbers are close to 43,000 sexual assaults or rapes of the developmentally disabled in this one State agency alone, annually, or a third of its population, because only 3% of these sex crimes will ever be reported according to this is very reputable study titled, "Prevalence of Violence", found on the State of Massachusetts website.

Governor Andrew Cuomo must be removed from office, indicted and prosecuted to the full extent of the law for his involvement in covering up thousands of reported deaths and sex crimes committed against people with disabilities within his agencies. Governor Andrew Cuomo is without question the kingpin and leader of the largest death and sex cover-up scandal in New York State's history.

The Jonathan Carey Foundation has been doing the investigative research and reporting on these atrocities similar to what the Boston Globe has done regarding the pedophile priest sex cover-up scandal.

Michael Carey, the founder, has worked day and night to bring the truth to light so that people with disabilities will finally be protected from people that kill our most vulnerable or rape them. The truth must be told, Governor Cuomo is the worst of the worst enablers and protectors of these criminals and sexual predators. The obstruction of justice, civil rights violations and atrocities are unmatched.

The most dangerous people and criminals are the ones that protect and shield killers and sexual predators because they allow them to continue to kill and rape many more innocent victims. Governor

Cuomo is a very dangerous person; he has initiated and perfected his death and sex cover-up scheme of epic proportion that mirrors the Catholic Church pedophile priest sex scandal.

The New York Times Editorial Board blasted Governor Cuomo for refusing to take vital actions to protect the disabled and to ensure them their equal rights following their massive "Abused and Used" investigative reporting series. This award winning series which became a runner up for a Pulitzer Prize was requested to be done by Michael Carey, following the death of his 13 year old son Jonathan.

The "Abused and Used" investigative reporting series should have catapulted major reforms to protect our most vulnerable, but Governor Cuomo chose to do the exact opposite to protect the system and the Medicaid fraud. The New York Times Editorial that came out two and a half years later is titled, "Protecting the Most Vulnerable".

<http://www.nytimes.com/2013/08/10/opinion/protecting-the-most-vulnerable.html>

Here are a couple extremely damning quotes and truths that Governor Cuomo cannot spin his way out of;

"Two-and-a-half years ago, The Times reported horrifying abuse of people with developmental disabilities or mental illnesses by state employees, who were rarely punished for it. Gov. Andrew Cuomo promised action. But too little appears to have changed."

"There is much the governor could do. He could require surveillance cameras in these facilities, just as prisons have them. He could make sure that the police get more involved."

Governor Andrew Cuomo has failed to protect women, girls, boys and men with disabilities from being killed or from being preyed on and raped by sexual predators within his six mental health agencies. Governor Andrew Cuomo trampled and continues to trample on the civil rights of the disabled; he must be swiftly removed from office. Governor Cuomo and other top State officials involved in this massive death and sex cover-up scheme must be held fully accountable, they must be prosecuted.

Most deaths and sex crimes, as well as many other crimes committed against the disabled are easily covered-up internally because they are being directed to be called to Governor Cuomo's internal abuse hotline, instead of to 911 emergency call centers, where they must go. No longer can 911 call systems, local police and local courts be bypassed and these crimes covered-up. 911 call systems must be immediately called by all mandated reporters regarding all deaths, sexual assaults and rapes, as well as obviously all other assault crimes and medical emergencies.

Currently, under Governor Cuomo's directive, almost all deaths and rapes of people with disabilities disappear internally; they are covered-up. This evil and these gross injustices must be stopped. Governor Cuomo and everyone involved in the much greater crimes, the obstruction of justice, the criminal conspiracy and Medicaid fraud must be held accountable and prosecuted to the full extent of the law for these horrific State and federal crimes.
