*Market Research Report on Global Ball Bearings Market*

RAIPUR, INDIA, January 8, 2018  
/EINPresswire.com/ --

Report Sellers has added a new market research report "[Ball Bearings - Global Market Outlook \(2017-2023\)](#)" to its offerings.

According to Report, the [Global Ball Bearings Market](#) is expected to grow at a CAGR of 7.2% during the forecast period. Ball Bearing is a progressing component bearing that uses to sustain the partition between the bearing races. These ball bearings are used in many applications such as hard drive, aerospace bearings, skateboards, yo-yos, and fidget spinners.

Some of the key factors that drive the growth of the market such as rising requirement for ceramic ball bearings in electric vehicles, growing investment in railways and aerospace, increasing need for wind power generations, financial growth in emerging countries and rise in need for lightweight bearings in automotive sector. However, risk of low-cost and fake products, enlarged usage of pre-owned bearings and lack of product differentiation and Cartelization are hampering the market growth.

Based on application, automotive industry leads the global market owing to growing improvements in fuel efficient and technically advanced cars equipped with highly developed safety features. In terms of geography, Asia Pacific captured the largest market share due to the increasing usage of ball bearings in automotive, textile, railway and other industrial applications in this region.

Some of the key players profiled in this market include JTEKT Corporation, LYC Bearing, MinebeaMitsumi, Graham Corporation, SKF Company, The Timken Company, NSK Ltd, Schaeffler Technologies AG & Co. KG, RBC Bearings, NTN Corporation, Spyraflo, Inc, Federal-Mogul Corporation, Nachi Fujikoshi, AST Corporation and Ingersoll Rand.

- Strategic recommendations in key business segments based on the market estimations
- Competitive landscaping mapping the key common trends
- Company profiling with detailed strategies, financials, and recent developments

## Report Scope

Global ball bearings market has been segmented by products covered, applications covered and regions covered

### Products Covered:

Deep-groove Ball Bearings  
 Angular Contact Ball Bearings  
 Axial Ball Bearings  
 Self-Aligning Ball Bearings  
 Other Products

### Applications Covered:

Heavy industry  
 Military  
 Aerospace Engineering  
 Automotive  
 General Engineering  
 Other Applications

### Regions Covered:

North America  
 US  
 Canada  
 Mexico  
 Europe  
 Germany  
 France  
 Italy  
 UK  
 Spain
