

## Spirulina Market & Next Generation Sequencing (NGS) Industry 2017-2022 Forecasts Research Report

*Latest reports on "2017 Global Spirulina Industry Research Report" & "Global Next Generation Sequencing (NGS) Industry" available with OrbisResearch.com.* 

DALLAS, TEXAS, UNITED STATES, January 9, 2018 /EINPresswire.com/ -- The report provides a

Spirulina Industry Types: Spirulina Powder, Spirulina Tablet and Spirulina Extracts (Phycocyanin, Polysaccharides etc)" NGS Market Types Listed: (

NGS Market Types Listed: ( 454-Sequencing and Illumina Sequencing) ary 9, 2018 /EINPresswire.com/ -- The report provides a comprehensive analysis of the <u>spirulina market</u> by types, applications, players and regions. The demand for spirulina, a natural food color type, is robust in the North America food processing industry. Spirulina, which gives a blue color to a food product, is widely used in the confectionary and dairy products, such as candies, chewing gum, ice creams, and yogurt. The volume of spirulina used in the end-use industries is expected to increase by five times by 2022.

Types: Spirulina Powder, Spirulina Tablet and Spirulina Extracts (Phycocyanin, Polysaccharides etc)

Applications: Health Products, Feed and Others

Main Players: DIC, Cyanotech, Parry Nutraceuticals, Hydrolina Biotech, King Dnarmsa, CBN, Green-A, Spirin, Chenghai Bao ER, Shenliu, SBD, Lanbao, Tianjian, Wuli Lvqi, Gangfa

Major points from Table of Contents:

1 Spirulina Market Overview

2 Global Spirulina Competition by Players

- 3 Global Spirulina Competition by Types
- 4 Global Spirulina Competition by Application
- 5 Global Spirulina Production Market Analysis by Region
- 6 Global Spirulina Sales Market Analysis by Region
- 7 Imports and Exports Market Analysis
- 8 Global Spirulina Players Profiles and Sales Data
- 9 Spirulina Manufacturing Cost Analysis
- 10 Industrial Chain and Downstream Buyers
- 11 Marketing Channels Analysis
- 12 Global Spirulina Market Forecast (2017-2022)
- 13 Research Findings and Conclusion

Global Next Generation Sequencing (NGS) Industry Market Research Report:

Based on the Next Generation Sequencing (NGS) industrial chain, this report mainly elaborate the definition, types, applications and major players of <u>Next Generation Sequencing (NGS)</u> <u>market</u> in details. Deep analysis about market status (2012-2017), enterprise competition pattern, advantages and disadvantages of enterprise Products, industry development trends (2017-2022), regional industrial layout characteristics and macroeconomic policies, industrial policy has also be included. From raw materials to downstream buyers of this industry will be analyzed scientifically, the feature of product circulation and sales channel will be presented as well. In a word, this report will help you to establish a panorama of industrial development and characteristics of the Next Generation Sequencing (NGS) market.

The Next Generation Sequencing (NGS) market can be split based on product types, major applications, and important regions.

Major Players in Next Generation Sequencing (NGS) market are: SeaLL, LLC Roche Mayo Medical Laboratories and Mayo Clinic DNASTAR, Inc. MolecularMD Corporation Multiplicom NV Illumina, Inc. Sequenta, Inc. InDecations Exchange Pte Ltd (INEX) DNA Electronics Ltd. Response Genetics, Inc. RainDance Technologies, Inc. QuantuMDx Group Qiagen N.V. Quest Diagnostics

Request a sample of Next Generation Sequencing (NGS) market @ <u>http://orbisresearch.com/contacts/request-sample/533604</u>.

Major Regions play vital role in Next Generation Sequencing (NGS) market are: North America Europe China Japan Middle East & Africa India South America Others

Most important types of Next Generation Sequencing (NGS) products covered in this report are:

454-Sequencing Illumina Sequencing

Most widely used downstream fields of Next Generation Sequencing (NGS) market covered in this report are: Oncology Hereditary Disease Detection Life Science Emerging Application

Major points from Table of Contents: 1 Next Generation Sequencing (NGS) Introduction and Market Overview 2 Industry Chain Analysis 3 Global Next Generation Sequencing (NGS) Market, by Type 4 Next Generation Sequencing (NGS) Market, by Application 5 Global Next Generation Sequencing (NGS) Production, Value (\$) by Region (2012-2017) 6 Global Next Generation Sequencing (NGS) Production, Consumption, Export, Import by Regions (2012 - 2017)7 Global Next Generation Sequencing (NGS) Market Status and SWOT Analysis by Regions 8 Competitive Landscape 9 Global Next Generation Sequencing (NGS) Market Analysis and Forecast by Type and Application 10 Next Generation Sequencing (NGS) Market Analysis and Forecast by Region 11 New Project Feasibility Analysis 12 Research Finding and Conclusion 13 Appendix

About Us:

Orbis Research (orbisresearch.com) is a single point aid for all your market research requirements. We have vast database of reports from the leading publishers and authors across the globe. We specialize in delivering customized reports as per the requirements of our clients. We have complete information about our publishers and hence are sure about the accuracy of the industries and verticals of their specialization. This helps our clients to map their needs and we produce the perfect required market research study for our clients.
