

The Great Religions - Myth and Truth

"The Legacy of the False Prophets"

The new book about myth & truth about the religions by Harald Dasinger

SULZBACH/SAAR, SAARLAND, DEUTSCHLAND, January 9, 2018 /EINPresswire.com/ -- In December 2017, the new book „The Legacy of the False Prophets“ by the playwright Harald Dasinger was published under the ISBN 9783745063035 at "ePubli".

In the two dramas "Demystification" and "Mary of Magdala", the author reveals the two thousand years old lies of the church. Relentlessly, myths are unmasked and the dogma about the son of God who became a man is exposed.

The monotheism of Christianity and that of the Islam five hundred years later have their origin in ancient pagan religions.

Pagan cults, rituals and customs are depicted realistically in vivid images.

Historical facts and events give the book its authenticity.

Cultural, philosophical, religious, historical and social aspects of each epoch provide the reader with an accurate picture of the origins of the myth about one single god - Ra, Jehovah, Allah.

In addition to power, self-aggrandizement, unscrupulousness and personal ambition as in the case of Constantine the Great, love plays an important role - whether it is the love story of Jesus of Nazareth and Mary of Magdala, or that of Mohammed and Chadidsha. ("Demystification").

With shocking openness, the true character of the two great founders of religion, Mohammed and Jesus, is portrayed, who with blind fanaticism, deceit, lies, betrayal and violence have enforced their own goals and interests. One to gain power over the heathen desert tribes, the other to continue the dynastic line of the house of David.

The book, written in fluent, easy-to-read and understandable style, is exciting, informative and instructive.

With subtle irony and sarcasm, the characters of the self-proclaimed prophets and their followers are exposed, whether they were pagan fighters from the Arabian desert or converted apostles in the Judea of the first century.

"The Legacy of the False Prophets" is available as softcover and ebook from "ePubli", "Amazon", "Thalia", "Kindle" etc.

Softcover ISBN 9783745063035 / ePub ISBN 9783745063059
