

Designed by Stacey Jewelry Brings Old Hollywood Glamour to GBK's Golden Globes Luxury Gift Lounge

Designed by Stacey Jewelry showcases, gifts its handcrafted designer jewelry to celebrities and press attending GBK's 2018 Golden Globes Luxury Gift Lounge.

PALATINE, ILLINOIS, UNITED STATES, January 9, 2018 /EINPresswire.com/ -- Palatine, Illinois-based Designed by Stacey Jewelry (www.designedbystaceyjewelry.com) is pleased to announce its participation, in association with The Artisan Group®, in a by-invitation-only luxury celebrity gift lounge hosted by GBK, honoring the nominees and presenters of the 2018 Golden Globes. The gift lounge took place January 5-6, 2018 at an exclusive location in Beverly Hills, California.

Designed by Stacey Jewelry had showcased on display its opulent [Rhinstone and Crystal Cuff](#) and other signature bracelets, which were also seen on CNN's clip regarding the event.

Designer Stacey Vest notes, "The rhinestone cuff is a customer favorite. A couple of years ago, a bride asked me to create a sparkly cuff for her wedding. What started out as a basic cuff with a few crystals ended up as an elaborate piece that involved wire wrapping and encrusting the entire cuff with metal beads, rhinestone beads, and crystals. She absolutely loved it and it's been a part of our collection ever since. For me, the piece harkens back to old Hollywood, 40s and 50s movie star glamour."

Celebrities and select members of the press stopping by The Artisan Group's display will find a [Gold Lariat Necklace](#) with Swarovski Crystals included in The Artisan Group's much coveted black swag bag. Stacey designed the necklace especially for this Golden Globes gifting event, to uniquely reflect her signature style. The necklace is beautifully packaged in a branded black velvet pouch.

Designed by Stacey Jewelry is a [family affair](#), with mom Sally the business owner and Stacey the design mastermind. Offering handmade, affordable jewelry created using high quality materials, this mom/daughter duo has a passion for classic yet trendy pieces. Stacey is constantly designing new creations, with daily life, trends and classic designs providing inspiration.

Stacey found her creative side with jewelry in 2009. While recovering from a rare neurological illness, the former mathematics teacher tried her hand at this hobby. Little did she or her mom know her need for occupational therapy (to strengthen her hands) would turn into a successful business venture. For Stacey, "Jewelry making gave me hope during a very difficult time in my life." For Sally, "I'm so proud of Stacey and grateful that she was able to turn such a tragic turn of events into an inspirational story."
