

Global Commercial Aircraft Video Surveillance Systems Market is Expected to Reach \$211.7 million by 2023

Market Research Report on Global Commercial Aircraft Video Surveillance Systems Market

RAIPUR, INDIA, January 10, 2018
/EINPresswire.com/ --

Report Sellers has added a new market research report "[Commercial Aircraft Video Surveillance Systems - Global Market Outlook \(2017-2023\)](#)" to its offerings.

According to Report, the [Global Commercial Aircraft Video Surveillance Systems Market](#) accounted for \$141.3

million in 2016 and is expected to reach \$211.7 million by 2023 growing at a CAGR of 5.9% from 2016 to 2023. Adoption of advanced security solutions is considered to be one of the primary growth factors for commercial aircraft video surveillance systems market. Moreover, increasing demand for cost-effective surveillance equipment, stringent regulatory policies for aircraft surveillance, growing tourism and economic development, expansion of airline fleet in emerging regions, technological advancements and significant increase in air passenger traffic are the factors favouring the market growth. However, reduced profit margins in aerospace industry, resistance from aircraft crew, security issues and cyber threats are some of the factors restraining the market.

The narrow body aircraft segment dominated in 2016, with around 63% revenue share of the global market due to rise in demand for narrow body aircrafts from various organizations. In 2016, Cockpit Door Surveillance System (CDSS) segment accounted for the largest share of the commercial aircraft video surveillance systems market owing to increasing real-time monitoring systems and improved aircraft infrastructure. Asia Pacific is expected to grasp major revenue share in commercial aircraft video surveillance systems market and is expected to grow with a high CAGR during the forecast period. This growth is attributed to increase in aerospace expenditure and rising regional air passenger traffic.

Ad Aerospace Plc., Aerial View Systems, Inc., Cabin Avionics Ltd., Global Airworks Inc., Global Epoint, Inc., Goodrich Corp., Groupe Latecoere SA, Meggitt Plc., Navaero, Inc., Orbit Technologies Ltd., Strongpilot Software Solutions, The Ucus Dunyasi Ltd. and United Technologies Corp are some of the leading players operating in the global Commercial Aircraft Video Surveillance Systems market.

What does the Report Offers

- Market share assessments for the regional and country level segments
- Market share analysis of the top industry players
- Strategic recommendations for the new entrants
- Market forecasts for a minimum of 7 years of all the mentioned segments, sub segments and the regional markets
- Strategic recommendations in key business segments based on the market estimations
- Competitive landscaping mapping the key common trends
- Company profiling with detailed strategies, financials, and recent developments

Report Scope

Global Commercial Aircraft Video Surveillance Systems Market has been segmented by aircraft types covered, system types covered and regions covered

Aircraft Types Covered:

Narrow Body Aircraft
Wide Body Aircraft
Very Large Aircraft
Business Jets
Regional Transport Aircraft

System types Covered:

Cabin Surveillance System (CSC)
Cockpit Door Surveillance System (CDSS)
Ground Maneuvering Camera Systems (GMCS)
Flight Safety Camera Systems
Environmental Camera System

Regions Covered:

North America
US
Canada
Mexico
Europe
Germany
France
Italy
UK
Spain
Rest of Europe
Asia Pacific
Japan
China
India
