Underwriting Data Collection Leader Systems Consulting Services, Inc (SCSI) Expands Data Reach with jBIAS version 2.2.5

Access to Massachusetts Registry Driver offerings and expanded support for HIS-Polk cements SCSI's place as the leader in 3rd Party Underwriting Data Collection

ELLICOTT CITY, MARYLAND, USA, January 11, 2018 /EINPresswire.com/ -- Already the leader in Underwriting Data Collection for the Financial Services and Insurance Industries, SCSI's flagship solution, jBIAS, now provides access to enhanced data from the Massachusetts Registry of Motor Vehicles (RMV) and all reporting available from IHS-Polk.

The Massachusetts RMV is in the midst of upgrading how their driver and vehicle data is accessed, and by March 30, 2018, all

Insurance Carriers needing data must be able to retrieve Vehicle and Driver information from their enhanced systems. jBIAS version 2.2.5 allows for real-time access without costly upgrades or in-house development work. Additionally, this release allows these same companies to be ready for the March deadline.

SCSI's expanded data collection offering of HIS-Polk's reporting data offers a critical opportunity for financial institutions who need VIN and Vehicle reporting data quickly and accurately. "Long the leader in VIN and Vehicle reporting data, this integration with IHS-Polk will allow our customers to collect this information in seconds, creating a faster turnaround for vehicle insurance quotes, and increasing overall customer satisfaction," states SCSI President Ken Wayman.

About Systems Consulting Services, Inc.

For over 30 years, SCSI has led the field of underwriting software through dedication to product excellence and outstanding customer service. Headed by Ken Wayman, President, and Anne Ostrom, Vice President, the company has built a loyal customer base largely through word-of-mouth referrals from successful implementations of their flagship product, jBIAS, an automated data retrieval software system. The company is proud to serve over 11,000 users at more than 20 locations across the United States. SCSI has won several awards and distinctions over the years, most recently being recognized as one of the Top 10 Insurance Underwriting Solution Providers for 2017 by Insurance CIO Outlook Magazine.
