Market Research Report on Global Robotic Pool Cleaner Market

RAIPUR, INDIA, January 11, 2018
/EINPresswire.com/ --

Report Sellers has added a new market research report "[Robotic Pool Cleaner - Global Market Outlook \(2017-2023\)](#)" to its offerings.

According to Report, [Robotic pool cleaners](#) are vacuum maintenance bots that takes low-voltage power and are pre-programmed to save and remove wastes from swimming pools with less human intervention. This pool cleaner robot belongs to special service robots which are used for nonindustrial environments. The key factors that drive the market growth include rising technological advancements, combination of smart technology in swimming pools, least maintenance cost and improved usage of automatic pool skimmer.

However, existence of alternative pool cleaning devices is one of the major restraints hampering the market growth. The growth of this market mainly depends on rising swimming pool constructions which is heavily prejudiced by real estate industry.

Depending on end user, commercial segment consists of schools, clubs, hotels, resorts and spas. Increasing globalization and growing choice for travel and free time have improved the requirement for commercial spaces that suggest swimming pools.

Based on geography, Asia Pacific region has many key players, and rising buyers interest in energy-efficient products with less emissions and growing demand for luxury construction are some drivers shaping the regional market over the forecast period.

Some of the key players in this market include Kokido Service S.L., Weda Poolcleaner AB, Winny, Pentair plc (PNR), Aqua Products, Xiamen FastCleaner, Masutek USA, Milagrow HumanTech, Smartpool LLC, Zodiac Pool Solutions, Hayward Pool Products, Maytronics Dolphin PoolStyle AG, Waterco and iRobot.
