About Celtic Elevator

Celtic Elevator is the preferred choice for equipment service and repair in the central Arizona area. They service all brands and honor most warranties and service contracts. All labor and parts are 100% guaranteed and Celtic Elevator only installs new, manufacturer-recommended parts. In 2010, founder Shaun Leary was tired of seeing the lack of service commitment to clients in Arizona and believed they deserved better. Growing up in a family-owned, service-minded accessibility company, Shaun knew he had the ability to create a structure to make his goals of a better service company come true. That goal continues to bring the highest levels of service to his clientele today.
