

Train Door Systems 2018 Global Market Expected to Grow at CAGR of 4.02% and Forecast to 2023

Wiseguyreports.Com Publish New Market Report On -"Train Door Systems Market - Global Industry Analysis, Size, Share, Trends, Growth and Forecast 2018 - 2023"

PUNE, INDIA, January 17, 2018 /EINPresswire.com/ --

[Train Door Systems Market 2018](#)

The train door system or entrance system is one of the most important components for the safe and effective operation of rail vehicles. There are four types of door systems in a passenger train, which include external door, internal door, toilet door, and the cabinet door of operator or cab door. The train door system is important because it could delay trains in case of a malfunction. For safety concerns, the brake system in a train is set up in a way that it cannot be released until all the train doors are closed properly.

The analysts forecast the global train door systems market to grow at a CAGR of 4.02% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global train door systems market for 2017-2021. To calculate the market size, the report considers the include/exclude new installations/shipments/sales/volume/value and retrofit/replacement/spares/aftermarket/services market.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

The report, Global Train Door Systems Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Knorr-Bremse
- Nabtesco
- Schaltbau Holding
- Wabtec

Other prominent vendors

- ASTRA VAGOANE CALATORI
- Composite Panel Solutions
- IMI Precision Engineering
- Train Door Solutions

Market driver

- Growing rail passenger traffic
- For a full, detailed list, view our report

Market challenge

- Decline in growth of high-speed rail market in the US
- For a full, detailed list, view our report

Market trend

- Innovation in train door systems
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?

Table of Contents –Analysis of Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Market outline

PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by type of power systems

- Segmentation of global train door systems market by type of power systems
- Global electrical train door systems market
- Global pneumatic train door systems market
- Global manual train door systems market

PART 07: Geographical segmentation

- Geographical segmentation of global train door systems market
- Train door systems market in EMEA
- Train door systems market in Americas
- Train door systems market in APAC

PART 08: Decision framework

PART 09: Drivers and challenges

- Market drivers
- Market challenges

PART 10: Market trends

- Innovation in train door systems
- Consolidation in train door systems market
- Growing adoption of high-speed trains will increase the demand for electrical door systems

PART 11: Vendor landscape

- Competitive scenario
- Knorr-Bremse
- Nabtesco
- Schaltbau Holding
- Wabtec
- Other prominent vendors
-Continued
