Danisa and Johnny

Ye, a 23 year old working professional living in San Gabriel Valley quotes that she hasn't thought about purchasing a home during this time. "Usually people in their late 20's purchase homes," Ye makes a point about young homeowners being in their late twenties.

“

I just thought it was the right time and right thing to do at this point of my life”

Johnny Ta

Johnny Ta, 23 years old working as a Credit Analyst for Wells Fargo, visited a open house showing in La Puente one weekend during his search for a house. Ta was able to meet Danisa Peralta, a Selling partner with Rudy L. Kusuma's Home Selling Team.

“Right when I met Johnny, I knew he was a go getter “ says Danisa before making the move to help Ta.

“In fifteen years of working in this industry, Johnny is the only client I've helped that's under 25 years old,” says Danisa.

Prior to meeting Danisa, Ta had already seen two other houses and found the La Puente property to be the house that fit his criteria perfectly. However, the house had already received 9 other offers. With the help of Danisa and Rudy's Home Selling Team, Ta was able to put in a last minute offer and

beat his competing offers. As mentioned before, there is a low percentage of young adults in their early 20's making a big decision like Ta. For Ta, purchasing a new home was not only a big decision but also an investment. Due to Rudy's Home Selling Team and their honest and open communication, Danisa and the team was able to help a young working professional complete a huge milestone in his life.
