

# Global Wind Anemometers Market is Expected to Grow at a CAGR of 8% from 2017 to 2023

*Market Research Report on Global Wind Anemometers Market*

RAIPUR, INDIA, January 19, 2018  
/EINPresswire.com/ --

Report Sellers has added a new market research report "[Wind Anemometers-Global Market Outlook \(2017-2023\)](#)" to its offerings.

According to Report, the [Global Wind Anemometers Market](#) is expected to grow at a CAGR of 8% during the forecast period 2016 to 2023. The market factors such as rising awareness about the advantages of wind energy, increased number of wind energy generation projects, and supportive regulatory policies for wind energy projects are driving the market growth. The rise in the offshore installations, evolution of digital wind farms and innovation of digital and smaller wind anemometers are the key trends that will contribute to the market. However, Competition from fossil fuels and harsh weather conditions will pose challenge to the market.

Asia Pacific is a major contributor to the market throughout the forecast period and it is propelled by the increased need for power for developing electrification infrastructure and attention towards renewable energy. Asian countries with surging offshore wind interests include: Vietnam, which has a target to install 800 MW by 2020; South Korea, has installed its first commercial offshore wind farm in 2016 and Japan has established strategic objective of 37 GW by 2050.

The key players in global Wind Anemometers market are Ammonit Measurement, FT Technologies, Gill Instruments, Lufft, Siemens, Delta Ohm Benelux, FERNSTEUERGERTE Kurt Oelsch, IED Electronics, LCJ Capteurs, Maretron, NRG Systems, PCE Deutschland and Siap+Micros.

What does the Report Offers

- Market share assessments for the regional and country level segments
- Market share analysis of the top industry players
- Strategic recommendations for the new entrants
- Market forecasts for a minimum of 7 years of all the mentioned segments, sub segments and the regional markets
- Strategic recommendations in key business segments based on the market estimations

Global Wind Anemometers Market Research Report

- Competitive landscaping mapping the key common trends
- Company profiling with detailed strategies, financials, and recent developments

## Report Scope

Global wind anemometers market has been segmented by applications covered, products covered and regions covered

### Applications Covered:

Offshore

Onshore

### Products Covered:

Semi-Automatic

Automatic

### Regions Covered:

North America

US

Canada

Mexico

Europe

Germany

France

Italy

UK

Spain

Rest of Europe

Asia Pacific

Japan

China

India

Australia

New Zealand

South Korea

Rest of Asia Pacific

South America

Argentina

Brazil

Chile

Rest of South America

Middle East & Africa

Saudi Arabia

UAE

Qatar

South Africa

Rest of Middle East & Africa
