LIVONIA, MI RANKS AS ONE OF THE TOP SELLING REAL ESTATE MARKETS  
Realtor Website Ranks Livonia as Second Hottest Real Estate Zip Code in the Country

Livonia, MI: A new survey from Realtor.com, one of the most widely used real estate websites in the country, has ranked Livonia, MI as one of the top selling real estate markets in the country. The survey ranked the ZIP codes of cities based on the time it takes for a user to sell their property on Realtor.com and the number of page views the homes in that area receive on the website. Livonia's 48154 ZIP code came in at number two on the list. This ZIP code represents the homes between 6 Mile Road, I-96, Eckles, and Inkster Roads. The top findings of the survey include:

- The study consisted of 32,000 ZIP codes from around the country, using only one ZIP code per metro area.
- The homes located in the top markets sell anywhere from 21 to 50 days faster than those in the rest of the country.
- The average price of the homes in Livonia listed on Realtor.com was \$223,780, with properties taking an average of 21 days to sell.

This study speaks to the overall strength of the Livonia real estate market. With a strong local economy, affordable real estate prices, and high housing demand, the city has attracted a new generation of homeowners. Those looking to sell their property in the Livonia area should enjoy some confidence that their property will attract potential buyers.
