

ICONICS Rolls Out 2018 Connected Intelligence World Tour

ICONICS is coming to a city near you with its 2018 Connected Intelligence World Tour, a series of not-to-be-missed events.

FOXBOROUGH, MA, USA, January 26, 2018 /EINPresswire.com/ -- ICONICS is a global automation software provider and five-time winner of the Microsoft Partner of the Year award. The company provides advanced web-enabled OPC UA and BACnet certified visualization, analytics, and mobile software solutions for any energy, manufacturing, industrial or building automation application. ICONICS has announced several dates and cities for the [2018 Connected Intelligence World Tour](#), a series of seminars that are condensed versions of their recent Worldwide Customer Summit that was held in Providence, Rhode Island this past November.

Key topics to be presented at each seminar include: High-performance visualization, mixed and augmented reality, IoT technology, cloud SCADA, Geo-SCADA, advanced alarm management, reporting and data bridging, analytics, big data historians, and more. The seminars are targeted to manufacturing executives, production managers, facility managers, automation engineers, design consultants, and OEMs, as well as to system integrators and distributors of cutting-edge industrial, manufacturing, and energy smart buildings solutions. For a complete listing of seminar dates and locations, visit ICONICS' website at www.iconics.com/CIWorldTour.
