

Smart Cannabis Delivers Two More SMART by Design™ Greenhouse Systems to Northern California Cannabis Cultivators

SMART CANNABIS CORP
(OTCMKTS:SCNA)

SACRAMENTO, CA, USA, January 25, 2018 /EINPresswire.com/ -- SACRAMENTO, CA -- (January 25, 2018) Smart Cannabis Corp (OTC: SCNA) announced today the sale and completion of two automated greenhouse systems to Northern California cannabis cultivation companies.

President John Taylor stated, "We are pleased to announce additional sales and product deliveries so quickly in the New Year. This proves that our investments in automation and standardization have paid off, making our company capable of manufacturing, installing, and delivering a commercial grade greenhouse system faster than any competitor we know of."

The 30'x120' greenhouses incorporate an underground radiant heating system and all functions will be fully automated through the company's SMARTAPP mobile automation app now available in the Apple App Store. The customers are taking delivery concurrently with this press release and plan to place their greenhouses into production status immediately.

“

...our investments in automation and standardization have paid off...”

John Taylor

Smart Cannabis (OTC PINK: SCNA) is a public equity corporation advancing the agriculture and cannabis industries and growing through acquisition, strategic alliances, and proprietary intellectual property. The company's wholly owned subsidiary, Next Generation Farming Inc., provides turnkey, automated, commercial greenhouses systems that efficiently improve yields and decrease water consumption for cultivators of organic food and cannabis crops.
