

EXPOSE Islam's Despicable History and the Quran

People world-wide need to support a Propaganda Campaign that will EXPOSE the despicable history of Islam and the Quran's abominable verses.

FOUNTAIN VALLEY, CALIFORNIA, UNITED STATES, February 1, 2018 /EINPresswire.com/ -- Jonathan Spyer, a Fellow member of the Middle East Forum (MEF) posted an article on the MEF website, <http://www.meforum.org/7160/where-is-the-latest-iranian-revolution-headed>. He provided some very perceptive thoughts about the Iranian peaceful protests that began December 28, 2017.

Mr. Spyer wrote, "For those hoping for the downfall of the Islamist regime, a major absence in the Iranian context is that of a revolutionary "party." This does not necessarily mean a formal political party but, rather, a revolutionary trend with a level of organization and popular appeal, a vision for the future and a broad strategy for defeating the Islamist regime." He further surmised that, "Iran lacks a revolutionary opposition movement with sophisticated organization and popular appeal."

What was discouraging was his assessment of the lack of an organized Iranian protest. Mr. Spyer wrote, "At present, nothing of this type (revolutionary opposition movement) exists in the Iranian context – neither as a network inside the country, nor as a widely respected focus on the outside." He then concluded, "As long as no nucleus of political (and, probably, military) opposition to the regime emerges, it is difficult to see a way that a wave of unrest can smash the edifice of the Islamic Republic."

“

Communication of Knowledge can Effectively Mobilize an Iranian Revolutionary Movement”

Nicholas Ginex

However, in spite the lack of a strong oppositional revolutionary movement, Mr. Spyer wrote that the Iranian protest was significant by writing, "They (demonstration protestors) point to the sharp fissures within Iranian society and the extent to which the regime is detached from large sections of the population and its wants and needs."

The assessments by Mr. Spyer reveal there is a need for Iranians to mobilize into an effective revolutionary movement; but how can this be successfully achieved?

****There is a Solution for the Iranian protestors. ****

There must be mass support for Iranian opposition against the Islamic Republic of Iran and it can be accomplished by WORLD-WIDE COMMUNICATION. Not enough has been done by journalists and writers to ****EXPOSE** the despicable history of Iran and abominable verses in the Qur'an.**

People around the world must be informed, albeit, educated of the fact that it is >>the Qur'an that is the source of discontent in many countries.<< The Qur'an is used by Islamic leaders to indoctrinate unsuspecting minds, which causes Muslims to become bigots, hateful, violent, and kill innocent people who have beliefs other than Islam.

******Initiate Propaganda Campaign to EXPOSE Islam******

People need to be engaged in assisting Iranians to gain back their freedoms enjoyed when they had a vibrant Persian culture. To do this effectively, there must be a world-wide Propaganda Campaign that far exceeds the propaganda placed on the Internet by Islamic writers who have successfully convinced gullible young people to believe and fight for Islam.

****The Propaganda Campaign objective: EXPOSE Iran's despicable history and abominable verses in the Quran.****

This Press Release appeals to all people to support Iranian peaceful protests for a Constitutional and Democratic government. This support requires world-wide communication by emailing this Press Release to influential political leaders, humanitarians, government leaders and organizations such as the CIA and FBI, friends, associates, and many media outlets. Only through people communicating knowledge with people can there be effective changes to the repressive ideology of Islam.

The article below describes some details of a Propaganda Campaign to EXPOSE Islam's despicable history and abominable verses in the Quran.

Article: <http://iranpoliticsclub.net/politics/IRI-defeated/index.htm>

It introduces the book, Allah, We, Our and Us, which provides an objective and factual history how Islam became a repressive religion and provides many abominable verses in the Qur'an that incite bigotry, hatred, violence, and the killing of people who do not follow Islam. This article provides an Internet link that provides a FREE READ.

Portions of this Press Release was emailed to the august membership of the MEF to support the Propaganda Campaign to EXPOSE Islam. Many members are accomplished writers and defenders to preserve the freedoms of people. They have access to many public forums, news media, journals, humane societies, and have written books and articles that surface the horrors and terrors committed by fanatical Muslims against people of many countries. It is why this author requested they actively EXPOSE Islam's despicable history and abominable verses in the Quran.

As an author, I am committed to reach out to enlighten people with perceptive thoughts on religion, philosophy, God, the universe and politics. To gain an appreciation of my writing ability, it is recommended you read a scholarly resource I wrote on religion. It is provided below. Educators at every level of classroom instruction who teach the history of religions are encouraged to evaluate this resource and present it to their students.

Thank you for your interest and support for the Iranians. ****Communication is a powerful tool**** to inform and educate people around the world. >>Your world-wide communication efforts will EXPOSE the shameful history of Islam and the Quran's abominable verses.<< Such commitment will help Muslims to ****understand**** why they are living under a repressive ideology that causes them to kill people in the name of Allah.

****With your support, Iranians will be able to effectively mobilize into a successful revolutionary movement and, as expressed by el Sisi, Egypt's President, >>an Islamic Revolution can be activated by enlightened Muslims<< to revise the Quran and advocate God's greatest command - Love one another.****
