

Industrial Evaporators 2018 Global Market Expected to Grow at CAGR of 7.06% and Forecast to 2022

Wiseguyreports.Com Publish New Market Research Report On -"Industrial Evaporators Market -Global Analysis, Size, Share, Trends, Growth and Forecast 2018 - 2022"

PUNE, INDIA, January 29, 2018 /EINPresswire.com/ --

[Industrial Evaporators Market 2018](#)

An evaporator converts a fluid mixture from its liquid state into a gaseous state by vaporizing the liquid into a gas, leaving behind all the solid components. These evaporators are used wherever the final food item needs to be converted to a concentrated state with a negligible amount of fluid or no fluid at all (as and when required). These help in the partial removal of water from any liquid food item via the boiling process.

The analysts forecast the global industrial evaporators market to grow at a CAGR of 7.06% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global industrial evaporators market for 2017-2021. To calculate the market size, the report presents a detailed picture of the market by way of study, synthesis, and summation of data from multiple sources.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

Request a Sample Report @ <https://www.wiseguyreports.com/sample-request/1584691-global-industrial-evaporators-market-2017-2021>

The report, Global Industrial Evaporators Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market

landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- ENCON Evaporators
- General Electric (GE)
- KMU LOFT
- Technoforce Solutions
- Thermal Kinetics Engineering

Other prominent vendors

- ADF Systems
- Alqua
- BUCHI
- Coastal Technologies
- Continental Blower
- ENVIRONMENTAL DYNAMICS INTERNATIONAL
- EZ Environmental Solutions
- Mech-Chem Associates

Market driver

- Design enhancements to reduce fouling in falling film evaporators
- For a full, detailed list, view our report

Market challenge

- Use of new drying technologies
- For a full, detailed list, view our report

Market trend

- E-beam evaporator systems
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Contents –Analysis of Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Market outline

PART 05: Market landscape

- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by end-user

- Market overview
- Global industrial evaporators market in food and beverage processing industry
- Global industrial evaporators market in water treatment industry

PART 07: Geographical segmentation

- Market overview
- Industrial evaporators market in APAC
- Industrial evaporators market in Americas
- Industrial evaporators market in EMEA

PART 08: Decision framework

PART 09: Drivers and challenges

- Market drivers
- Market challenges

PART 10: Market trends

- US EPA guidelines on effluent limits spurring new technologies
- Growing adoption of MVC evaporators in oil sands industry
- E-beam evaporator systems

PART 11: Vendor landscape

- Competitive landscape
- Other prominent vendors

PART 12: Key vendor analysis

- ENCON Evaporators
- General Electric (GE)

- KMU LOFT
 - Technoforce Solutions
 - Thermal Kinetics Engineering
-Continued
