

Solar Photovoltaic (PV) Market 2017: Key Players: JinkoSolar Holdings, Trina Solar Ltd., Canadian Solar Inc and More

PUNE, MAHARASHTRA, INDIA,
January 29, 2018 /EINPresswire.com/ --
WiseGuyReports published new report,
titled "Solar Photovoltaic (PV) Market"

Summary

"Solar Photovoltaic (PV) Market, Update 2017 - Global Market Size, Average Price, Module Market Share, and Key Country Analysis to 2025", is the latest market analysis report from the industry analysis specialists that offer comprehensive information and understanding of the global PV market.

The report provides an overview and detailed insight into the global PV market. The report covers information related to PV installed capacity, generation, average system price, market size, segmentation by end users, segmentation by grid connectivity, major module suppliers market share and some of the key drivers, restraints and challenges for global solar PV market as well as for eleven key countries. Countries covered in the report include UK, Germany, France, US, Brazil, Canada, India, Japan, South Africa, China and Republic of Korea.

The report uses data and information sourced from proprietary databases, primary and secondary research, and in-house analysis by team of industry experts.

Solar Photovoltaic (PV) Market

- Information on historic (2006-2016, unless specified) and forecast data (2017-2025) for key market parameters in solar PV industry.
- The report provides detailed historic and forecast statistics for cumulative and annual solar PV capacity and annual electricity generation from 2006 to 2025, globally, regionally, and for each of the key countries.
- Coverage of the key growth drivers and challenges related to global and each country's solar PV market.
- Market size and average system prices data at country and global level
- Market share of the major PV module suppliers at global and country level
- Installed capacity split by type of installations, by end user segment, and by grid connectivity at country level.
- Key policies and regulatory framework supporting the development of PV market

Key points

The report will allow you to –

- Facilitate decision-making by providing historical and forecast data in PV sector
- Develop strategies based on developments in the PV market
- Identify key partners and business-development avenues
- Respond to your competitors' business structure, strategies and prospects
