

American Premium Water Corp. (OTC Pink: HIPH) with the First Hydrogen Infused CBD Water, could be a Takeover Candidate

There is no other CBD hydrogen infused product and we're happy to be 1st to launch, with 100% market share. Promotional events Super Bowl week in Minneapolis.

MIAMI, FLORIDA, USA, January 29, 2018 /EINPresswire.com/ -- Emerging Growth Newswire - EmergingGrowth.com, a leading independent small cap media portal with an extensive history of providing unparalleled content for the Emerging Growth markets and companies, reports on American Premium Water Corporation (OTC: HIPH).

Alfred Culbreth, Founder of American Premium Water Corporation (OTC: HIPH) and Ryan Fishoff, its CEO, just announced that after over a year of development, it has delivered its hydrogen infused [CBD](#) Prototype, which it plans to release during the first half of 2018.

“

There is no other CBD hydrogen infused product on the market, and we're happy to be the first to launch, with 100% market share.”

Ryan Fishoff, CEO American Premium Water Corp. (OTC Pink: HIPH)

Ryan Fishoff, CEO of American Premium Water Corporation stated "I am thrilled to announce that after many months of R&D, HIPH has finally been able to produce a beta version of the LALPINA hydrogen infused CBD water ("LALPINA HYDROGEN CBD"). We have perfected the process, and are really excited to bring it to market before the end of the 1st half of 2018".

"We are excited about having a large presence during the festivities of Super Bowl week, including the Maxim Super Bowl party"

Mr. Culbreth added, "There is no other CBD hydrogen infused product on the market, and we're happy to be the first to launch, with 100% market share. In many CBD products, upwards of 90% of the CBD nutrients are lost in the digestive process. LALPINA HYDROGEN CBD utilizes hydrogen as delivery mechanism which allows the CBD nutrients to immediately penetrate into the cells, bypassing the bloodstream, which yields a greater absorption rate of CBD, creating a more immediate effect.

American Premium Water Corporation (OTC: HIPH)'s hydrogen infused CBD product was first announced August 29, 2017, in which, the company signed an agreement with BioHemp Industries to produce and supply the company with USDA certified CBD oil.

"CBD can be delivered in a variety of ways, including water, but the hydrogen infusion takes CBD delivery to a whole new level. We're really looking forward to working with American Premium Water to help add such a uniquely great option to their line," detailed Jamie Allen BioHemp Industries CEO.

American Premium Water Corporation (OTC Pink: HIPH) has a market cap of just \$1 million, as of January 2017. Furthermore, the company maintains a share structure consisting of 100 million shares authorized, and 64.8 million shares outstanding according to OTC Markets.

American Premium Water Corporation (OTC: HIPH) is also developing an omni-channel go-to-market strategy that will piggyback on the launch of our LALPINA HYDROGEN infused beverage, which includes digital marketing, direct to consumer, Amazon (NASDAQ: AMZN), and retail distribution. Bringing LALPINA HYDROGEN CBD to market will continue to distinguish LALPINA as the preeminent hydrogen infused brand.

EMERGING *Growth*

Cannabidiol, or CBD, is one of the fastest growing subsectors of the cannabis industry. Unlike [THC](#), CBDs do not get you "high" yet it provides a wide range of health benefits. CBDs are legal in all 50 states and are not subject to the same strict regulations as THC. CBD-based products provide consumers a chance to benefit from the medicinal properties of cannabis without the impairment.

American Premium Water Corporation (OTC: HIPH), with its related products, just announced a 1,134% increase in sales over its previous quarter 2017 and 80% reduction in debt.

This outstanding performance is attributable to the Gents acquisition, in Q3, while also working hard to significantly reduce long-term convertible debt and increase shareholder value.

American Premium Water Corporation (OTC: HIPH) is looking to raise non-toxic capital in the coming quarter to help further fund growth initiatives. With regard to financing, the company is confident that the clean-up they did on the balance sheet will help them achieve this by Q1 2018.

CBD, the natural phycannabinoid extracted from cannabis, has many therapeutic benefits, among many other commercial applications. With 700% projected growth over the next few years, APWC is excited to enter this high growth sector, joining other companies such as Pot Network Holding Inc (OTC Pink: POTN), Elev8 Brands Inc (OTC Pink: VATE), Namaste Technologies (OTC Pink: NXTTF), Hemp Americana (OTC Pink: HMPQ), and Grow Life Inc (OTC Pink: PHOT) who have carved out respective niches in the sector. APWC has made preliminary overtures to a number of companies in

the space to explore.

About EmergingGrowth.com

EmergingGrowth.com is a leading independent small cap media portal with an extensive history of providing unparalleled content for the Emerging Growth markets and companies. Through its evolution, EmergingGrowth.com found a niche in identifying companies that can be overlooked by the markets due to, among other reasons, trading price or market capitalization.
