

Knutson Companies at Downtown Brambleton Honored with National Design Award

Knutson at Downtown Brambleton received a Platinum Award from the National Association of Home Builders (NAHB).

WASHINGTON, DC, UNITED STATES, January 29, 2018 /EINPresswire.com/ -- [Knutson](#) at Downtown [Brambleton](#) has won a Platinum Award for the category Development Up To 5 Stories, Built For Sale, in the 2017 Best in American Living™ Awards (BALA) by the National Association of Home Builders ([NAHB](#)). Award levels, including platinum, gold, silver and Home of the Year, were announced at the NAHB International Builders' Show.

Knutson at Downtown Brambleton

Knutson at Brambleton Town Center features four-story, elevator townhomes offering luxury urban living just steps from the array of shops, entertainment, and restaurants in the retail center. Blurring the boundaries between indoor and outdoor living spaces, these homes invite open conversation and a brighter way of life. An expansive rooftop terrace – referred to as your Yard in the Sky - provides owners a perfect retreat or entertaining space. This collection of townhomes is a successful blending of urban lifestyle, convenience, and community enhancement.

The design intent of the homes and the land plan, was to help tie the surrounding suburban neighborhood to the Brambleton Town Center. By providing a more transitional modern architectural style, the architecture was meant to add a spark to the livability of the town center and encourage an active nightlife for the Town Center.

Brambleton Town Center is a growing community, developed by Soave Real Estate and located in Loudoun County, VA, with a state-of-the-art library, movie theater, Harris Teeter, restaurants and parks and trails. Brambleton is also within close proximity to the Silver Line, Dulles International Airport, and the Toll Road, which provides easy access to both DC and Virginia's vineyards to the West.

Now in its 34th year, BALA recognizes outstanding achievement by builders and design professionals in all sectors of the residential housing industry including single-family production, custom, multifamily, affordable, remodeling, community and interiors. BALA is built on the principle that all great homes start with great design, no matter cost or size.

Buying a home is often the most significant purchase people will make in their lifetime, and BALA winners spotlight what building industry professionals need to know to set their project apart and hit

the right mark with today's highly educated and discerning home buyers.

Additional Information about the BALA program can be found at bestinamericanliving.com. The 2017 Winners Portfolio, featuring design trends and project photographs, is available online.
