Our mission is to make the business of Portuguese companies easier throughout the world, by supporting them in accessing international markets and throughout the export process. Through this B2B e-commerce platform, we intend to promote and extend abroad the geographical presence of Portuguese companies' businesses, independently of the sector and / or geography, where a number of national companies will be located in one place to offer various products and / or services. We intend to be the essential business partner for international buyers of products and services “From Portugal”, to be the reference e-marketplace for Portuguese exporting companies.
