

# SAGE FINANCIAL REPORTING NOW OFFERED BY FYISOFT, A CLOUD ACCOUNTING SOLUTION

---

*Boost your Sage financial reporting capabilities today.*

NAPLES, FL, USA, January 30, 2018 /EINPresswire.com/ -- If you're using an on-premise version of Sage, chances are your financial reporting capabilities fall short of what your growing organization needs. FYIsoft has good news for Sage users: FYIsoft's integration with Sage brings you all the benefits of a leading cloud financial reporting system without replacing your ERP. [Request a demo](#) and see how easy it is to significantly improve your financial reporting with FYIsoft.

Additionally, many Sage users struggle with their now-unsupported FRx report writer. FYIsoft offers the ideal [FRx report replacement](#) solution with an easy, intuitive structure that is similar to FRx.

Submit the [form](#) and an FYIsoft financial reporting expert will show you how an integration with Sage makes it easy to dramatically improve your financial reporting capabilities, without replacing your ERP.

FYIsoft offers all the benefits of cloud financial reporting:

## Faster Period Close

FYIsoft customers cut up to 10+ days off their period close processes—time they can now spend on more value-added activities.

## Easier Report Generation

FYIsoft's component-based cloud architecture simplifies consolidations, even for complex multi-company entities.

## Efficient Report Distribution

Secure, web-based distribution process ensures you get the right data to the right people, whenever they need it.

## Mobile Access

Access to financial reports 24/7, through any device, ensures you're always ready with accurate, reliable data.

## Data Integrity

With FYIsoft cloud reports, users can drill down and analyze their own expenses—without the ability to change the data.

## ROI Within Weeks

A low total cost of ownership, combined with increases in productivity, will deliver ROI in as little as eight weeks.
