CAYMAN ISLANDS, CAYMAN ISLANDS, February 8, 2018 /EINPresswire.com/ -- Recently launched [Bid4CC](https://bid4cc.com) has already created quite a stir in crypto circles with awesome cryptocurrency deals (marked down by up to 90% off the market price). Already touting fourteen winners!!! Check out this independent review from <https://goo.gl/MyzUZu>.

Determined to take the cryptocurrency world by storm, Bid4CC breaks ground online with great offers that digital asset users will not see elsewhere. The virtual money auction site packs a punch with its discounted cryptocurrencies no users can resist vying for, especially those deals which are now marked down by up-to 90% of their original price.

The advertisement is divided into two main sections. The top section shows a hand holding a gold Bitcoin coin in front of a computer screen displaying a price of \$8,815. A white tag with a yellow border is overlaid on the screen, reading "BID & WIN CRYPTOCURRENCY AT UP TO 90% OFF!". The Bid4CC logo is in the top right corner. The bottom section has a white background with a grey grid pattern. It features a central heading "BID & WIN IN 3 EASY STEPS" with the Bid4CC logo to its right. Below this is a list of three steps: 1. SIGN UP, 2. BUY A BID PACKAGE, and 3. START BIDDING WITH YOUR LOWEST UNIQUE BID. To the right of the steps, it says "GET 5 BIDS FREE!". At the bottom, a grey bar contains the text "UP TO 90% OFF THE MARKET PRICE ON CRYPTO CURRENCY".

A unique twist to winning cryptocurrencies

Undisputedly, the first company of its kind in the crypto auction community, Bid4CC invites everyone to take part in its ongoing online bid-and-win events. Great deals are up for grabs.

Unlike any other public sale, the auction that the company hosts, takes on the guise of reversed bidding. Instead of awarding the win to the highest bidder, Bid4CC gives the win to whoever enters the lowest unique bid (LUB). The LUB methodology engages not only long-time users but also encourages the uninitiated to join the cryptocurrency ecosystem. What this does is level the playing field and allow those users who are not in the know in terms of ICOs an equal opportunity to acquire digital assets just by strategizing on the bid value they place.

From the time BID4CC has started its operations, it welcomes bidders from across the globe and all walks of life. Its all-new website provides enthusiasts with an easy way to join the auction. Anyone who wants to make the most of the discounted virtual monetary units simply needs to sign up. And yes, registration is free of charge.

Once officially registered, bidders are treated to five free bids for them to get the feel of the bid-and-win platform. They can bid as many times as they want. But, of course, to gain access to more bids, they will have to pay a certain amount via Bitcoin or PayPal. The packages new members can get the most bang for the buck is \$140 for 650 bids, however there are other options available too:

- \$30 for 100 bids
- \$70 for 250 bids

Sign up with Bid4CC now and you will be one step closer to win Cryptocurrency of your choosing.
