PUNE, INDIA, February 2, 2018
/EINPresswire.com/ --

Description:

The analysts forecast the global [coding bootcamp market](#) to grow at a CAGR of 10.96% during the period 2017-2021 .

Coding bootcamps are immersive training programs that range from a few weeks to a few months. They are helpful to learners from diverse backgrounds to improve their programming skills and enhance their employability prospects. Technical and vocational education (TVE) equips students and individuals with skills to successfully transition as skilled employees to workplaces. In many countries, it is referred to as technical vocational education and training (TVET). While the goal of TVE is to attain economic prosperity in developing nations, it aims at making the economy self-sufficient in developed countries.
