

# Global Rugged Display Market is Expected to Reach \$10.31 billion by 2023

*Market Research Report on Global Rugged Display Market*

RAIPUR, INDIA, February 5, 2018  
/EINPresswire.com/ --

Report Sellers has added a new market research report "[Rugged Display - Global Market Outlook \(2017-23\)](#)" to its offerings.

According to Report, [Global Rugged Display Market](#) accounted for \$6.58 billion in 2016 and is expected to reach \$10.31 billion by 2023 growing at a

CAGR of 6.6% during the forecast period. Some of the factors such as growing trend of digital transformation, technological transfer in display technology, development of ruggedized display devices with high specifications, and the growing demand for HMI and IoT in several industries are favouring the market growth. The usage of consumer-grade display devices in industrial applications is anticipated to hamper the market.

The rugged displays are manufactured in order to meet the needs of several industries including industrial, commercial, defense and others. The newest rugged displays are generally used for military display as these display covers huge display sizes. The latest technologies are designed to withstand tough condition. For instance, in 2015, General Micro Systems Inc. (U.S.) has introduced Rugged View smart displays that cover large display. It offers high level of ruggedness, ultra-dense, super-rugged smart display, and high performance at a very low cost.

Windows operating system registered largest market share in the market for rugged display devices owing to the high volume of rugged display devices operated on Windows OS. While, Android is steadily being adopted in rugged display products, and its market share is rising at a huge rate owing to less cost, easy deployment, and friendly hardware. In North America region, the market is witnessing significant growth due to the increasing trend of digital transformation. APAC is expected to grow at the fastest CAGR due to the development of infrastructure such as smart cities across the region and the unexploited rugged display device applications in the government, defense, transportation, and oil & gas industries.

Some of the key players in the market include Zebra Technologies Corp., Xplore Technologies Corp., Trimble Inc., Sparton Corp., Roda Computer GmbH, Panasonic Corporation, Mildef AB, L3 Technologies, Inc., Kyocera Corp., Handheld Group AB, Getac Technology Corp., General Dynamics Corp., Esterline Technologies Corp., Curtiss-Wright Corp., Bluebird Inc. and Beijer Electronics AB.

Global Rugged Display Market Research Report

## What does the Report Offers

- Market share assessments for the regional and country level segments
- Market share analysis of the top industry players
- Strategic recommendations for the new entrants
- Market forecasts for a minimum of 7 years of all the mentioned segments, sub segments and the regional markets
- Strategic recommendations in key business segments based on the market estimations
- Competitive landscaping mapping the key common trends
- Company profiling with detailed strategies, financials, and recent developments

## Report Scope

Global Rugged Display Market has been segmented by operating systems covered, level of ruggedness covered, products covered, verticals covered, display sizes covered, display types covered and regions covered

### Operating Systems Covered:

Windows

Android

iOS

Other Operating Systems

### Level of Ruggedness Covered:

Ultra-Rugged

Semi-Rugged

Fully Rugged

Other Levels

### Products Covered:

Avionics Display

Laptop and Notebook

Panel PC & Mission-Critical Display

Smartphone and Handheld Computer

Tablet PC

Vehicle-Mounted Computer

### Verticals Covered:

Automotive and Transportation

Government and Defense

Aerospace

Healthcare

Industrial

Large Enterprises

Commercial

Other Verticals

### Display Sizes Covered:

10 to 15 Inches

More Than 15 Inches  
Less Than 10 Inches

Display Types Covered:

LED  
LCD  
Dot-matrix  
Other Display Types

Regions Covered:

North America  
US  
Canada  
Mexico  
Europe  
Germany  
France  
Italy  
UK  
Spain  
Rest of Europe  
Asia Pacific  
Japan  
China  
India  
Australia  
New Zealand  
South Korea  
Rest of Asia Pacific  
South America  
Argentina  
Brazil  
Chile  
Rest of South America  
Middle East & Africa  
Saudi Arabia  
UAE  
Qatar  
South Africa  
Rest of Middle East & Africa
