

Imbue Botanicals, LLC Introduces 2 Ounce Size of Its elevated Tincture of Hemp

Imbue Botanicals, LLC has expanded its current CBD tincture product line with the introduction of its larger elevated product.

PALM SPRINGS, CALIFORNIA, UNITED STATES, February 5, 2018

/EINPresswire.com/ -- Palm Springs, CA, February 5, 2018 - (Press Release Point) – Imbue Botanicals, LLC a Wyoming based company, is pleased to introduce its larger 2 ounce elevated tincture of hemp. The product addition is a further expansion of its tincture product line which includes its popular highly-reviewed 1 ounce elevated product.

Imbue Botanicals offers an extensive line of premium CBD products produced from organically grown Colorado hemp, including CBD tinctures and CBD capsules and CBD topicals for both people and pets.

“We are very excited to introduce our 2 ounce elevated tincture” said Tom Bauer, Managing Member of Imbue Botanicals. “We are confident that the addition of this product to our tincture line will increase our customer base, and satisfy all the requests we’ve been getting for a larger product size. As we all know, finding an organic, all-natural, effective tincture can be a real challenge. That’s why we put our experience and expertise to work to develop our elevated tincture which our customers love. Now they can purchase it in a larger, more cost effective size.”

Imbue’s elevated products, like all of their exclusive tinctures, are organic, vegan, non-GMO and cruelty free. Unlike so many other products on the market, they contain only 2 ingredients...Organic CBD oil and kosher organic vegetable glycerin derived from pygmy palm fruit. The result is a highly effective product with a taste customers really like.

Carefully grown and processed in Colorado, the 2 ounce elevated is packaged in a glass bottle with dropper, a velour drawstring bag and individual full color box. The product is available online at www.imbuebotanicals.com and from select retailers.
