Description

WiseGuyReports.Com adds" Global Smart Buildings Market 2017-2021 "Research To Its Database.

Smart building is a solution that transforms an automated building into an intelligent building. It integrates building management systems (BMS) with business systems and provides data analytical tools to all standalone systems to enable the control systems capabilities of making decisions. Smart buildings have automated seamless integration of all the standalone system backed by building Internet of things (BloT) to make each device intelligent to understand the environment beyond the provided controls and work. Smart buildings can generate analytical reports with the help of analytical tools of cloud or big data to help managers understand the trends and how optimization can be achieved further.

Covered in this report

The report covers the present scenario and the growth prospects of the global smart buildings market for 2017-2021. To calculate the market size, the report considers the new installations, sales, value, retrofit, replacement, aftermarket services.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

The Global Smart Buildings Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Siemens
- Honeywell
- Schneider Electric
- Johnson Controls
- United Technologies

Other prominent vendors

- ABB
- Advantech
- Bosch Security Systems
- BuildingIQ
- BuildingLogix
- Cisco
- Control4
- Delta Controls
- Emerson
- IBM
- Legrand
- Panasonic
- Verdigris Technologies

Market driver

- Increasing demand to conserve energy
- For a full, detailed list, view our report

Market challenge

- Interoperability challenge

- For a full, detailed list, view our report

Market trend

- Growing concept of BloT
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Contents -Major Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Market outline

PART 05: Market landscape

- Market overview
- Market size and forecast

PART 06: Market segmentation by solutions

- Market overview
- Global smart buildings market by software
- Global smart buildings market by hardware
- Global smart buildings market by services

PART 07: Market segmentation by product

- Market overview
- Global smart buildings market by BMS
- Global smart buildings market by HVAC
- Global smart buildings market by lighting control
- Global smart buildings market by security and access control
- Global smart buildings market by emergency alarm and evacuation system
- Global smart buildings market by audio and visual effects

PART 08: Geographical segmentation

- Market overview
- Smart building market in EMEA
- Smart building market in Americas
- Smart buildings market in APAC

PART 09: Decision framework

PART 10: Drivers and challenges

- Market drivers
- Market challenges

PART 11: Market trends

PART 12: Vendor landscape

- Competitive landscape
- Other prominent vendors

PART 13: Key vendor analysis

- Siemens
- Honeywell
- Schneider Electric
- Johnson Controls
- United Technologies
