ReelTime VRs “Really Twins” is a Virtual Reality Childrens/Tween Series now in its second season hosted by the “Really Twins” twins Austin and Brandon who believe it or not are “Really Twins”. They do crazy experiments that you shouldn’t do (and they shouldn’t either but they do them anyway), silly challenges, and take you to places you’ve never been.

“Really Twins” recently became the most experienced premium VR content of its type in the world to date earlier this year on Veer VR

<https://veer.tv/category/premium>. The show has also long been the No. 1 children’s non-animated content on the Samsung Gear VR worldwide since it began airing

When told about the award, Really Twin Brandon said: “People want to see pumpkins explode before their eyes. People want to drive a hydroplane across a lake at 100 miles per hour. We say give the people what they want!”

Really Twin Austin added, “It’s really cool that we get to go on rollercoasters, waterslides, and to Bavarian Villages, and that we get to take people along in virtual reality. I can’t wait to see what we do this year!”
