

# Preliminary Attendee List Released for Future Soldier Technology 2018

*SMi Reports: Registration for the 4th annual Future Soldier Technology conference and exhibition closes in just over 4 weeks.*

LONDON, UNITED KINGDOM, February 7, 2018 /EINPresswire.com/ -- SMi Group's 4th annual Future Soldier Technology conference and Dismounted Soldier Situational Awareness focus day will commence in London on 12th, 13th and 14th March 2018.

The event has already attracted a global audience of experts from the military, research and industry. Nations attending include: Belgium, Canada, France, Germany, Israel, Netherlands, Norway, Sweden, Thailand, United Kingdom, USA and more.

[A list of attendees has been released](#) featuring the most senior and international edition yet, attending organisations include: Black Diamond Advanced Technology Ltd, British Army, Canadian Forces, Cubic Defence UK Ltd, Defence Equipment and Support, Defence & Security Organisation, Diamond Age Armor, Defence Science and Technology Laboratory, Esterline Racal Acoustics, Information Technology of in-service support (BAAINBw), Fraunhofer Institute Chemischal Technology, French Army, German Army, Harris, Institute for Creative Technologies, Media Transasia Thailand Limited (A M R), Netherlands MoD, Norwegian Army, Norwegian Defence Research Establishment (FFI), ODU Scandinavia, British Royal Marines, Safran Electronics & Defense, SEA, SurCom International, Swedish Army, Swedish Defence Research Agency, UK MoD, US Marine Corps, US Army and many more.

The full list of attendees, including organisations, job titles and countries can be found in the download centre of <http://www.futuresoldiertechnology.com/einpr>

As the only meeting solely dedicated to enhancing soldier modernisation programmes, [Future Soldier Technology 2018](#) will provide a unique opportunity to see how soldier modernisation programmes from around the world are exploiting the next generation of infantry equipment, such as night vision optics and Lithium-ion batteries, to transform dismounted operations.

This important three-day event will explore key areas for development, such as: survivability, lethality, power, mobility and night vision. Along with human factors and ergonomics (balancing the size, weight and power of equipment), and much more.

Lead Sponsor: GMRE Inc; Gold Sponsor: Glenair; Sponsors and exhibitors: 3M, BAE Systems, Blackbox Biometrics, Domo Tactical, Fischer Connectors, GETAC, KME, Microflown Avisa, Onmetics, Persistent Systems LLC, Precision Control Systems, Qioptiq, Revision Military, Rheinmetall Canada, Source Tactical gear, Thales, TT Electronics, Viasat, and there are limited exhibitor stands still

available!
