

New Office Announced for B2B Industrial Packaging in Portland, Ore.

B2B Industrial Packaging just announced the company is opening a new state-of-the-art office/warehouse in Portland, Ore.

ADDISON, ILLINOIS, U.S., February 7, 2018 /EINPresswire.com/ -- B2B [Industrial Packaging](#) just announced the company is opening a new state-of-the-art office/warehouse in Portland, Ore.

The new office will be able to accommodate the full Portland area staff and provide room to grow. The warehouse is about two times the size of the current space B2B Industrial Packaging/Alpine Packaging has been occupying in the Portland area for more than 20 years.

B2B Industrial Packaging President Bill Drake said, “As the industry leader, we needed a space that reflects our strong reputation for quality and client service that will be able to scale with our needs. For our clients, this space will be both convenient and highly enjoyable to visit.”

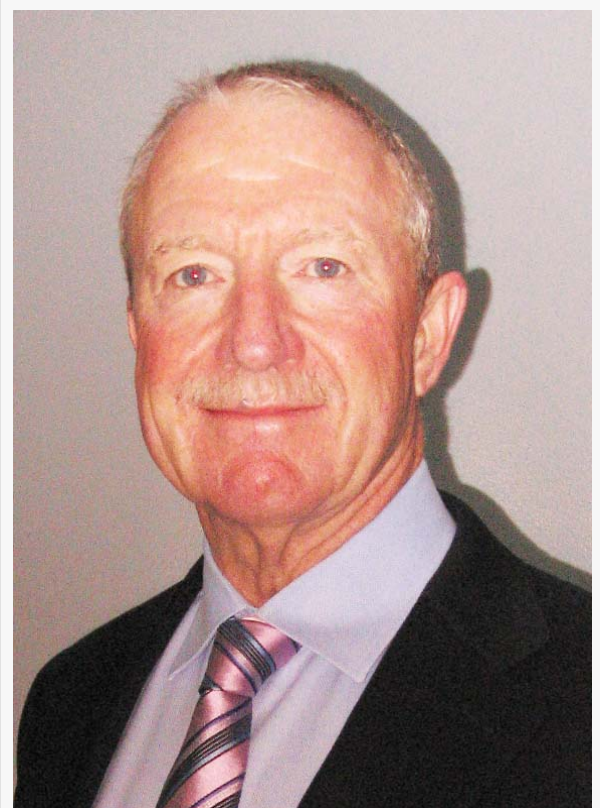

The move was necessitated by the rapid growth the company continues to experience—particularly in the Pacific Northwest. The company’s growth in that area of the U.S. has been both organic and fueled by the acquisition of Eugene, Oregon’s Alpine Packaging in 2016.

Drake added, “We plan to hire two additional sales people in Eugene this year. The new warehouse in Portland will give us the ability to shift some inventory up from the Eugene facility. We have a 6,000 sq. ft. office/warehouse in Eugene, but this location is already very tight.”

As the industry leader, we needed a space that reflects our strong reputation for quality and client service that will be able to scale with our needs.”
