

13 Extra Costs To Be Aware Of Before Buying A Home

LOS ANGELES, CALIFORNIA, USA, February 7, 2018 /EINPresswire.com/ -- Extra costs while buying a home can often pile up to result in thousands of dollars without most homebuyers realizing this and California's leading real estate team has published an astonishing report to help such homebuyers. Led by Rudy L. Kusuma, who is an award-winning realtor and bestselling author, Team NuVision has published this report on their website and it is titled '13 Extra Costs to Be Aware of Before Buying a Home'.

"Whether you're looking to buy your first home, or trading up to a larger one, there are many costs on top of the purchase price that you must figure into your calculation of affordability." Said Rudy L. Kusuma, while talking about this recently published report. "These extra fees, such as taxes and other additional costs, could surprise you with an unwanted financial nightmare on closing day if you're not informed and prepared." He added. According to Rudy Kusuma, these costs can range from one-time fixed payments to ongoing monthly or yearly commitment and it is better to know about them ahead of time.

In addition to this report, the seasoned real estate team has also published several other reports based on ground research and authentic data to educate homeowners nationwide. Buying a new home is indeed a major milestone for everyone and these small details matter a lot while making a decision. This report will therefore play a major role in raising awareness among the homeowners and it lists 13 extra costs that can be easily avoided for an ideal budgeting.
