The [5% Cash Back Viking Rebate](#) qualifying products include all Viking Professional 5 Series and 7 Series products, Tuscany products, Virtuoso products, and Viking Outdoor products. Customers can purchase one of the curated Appliances Connection Viking kitchen appliance packages or select their own group of products to checkout with. Customers can also choose to buy through the [Viking Buy-One-Get-One Rebate](#). Viking is allowing customers to build their Viking kitchen set by buying an appliance—namely a range, refrigerator, or cooktop and wall oven package—to get a free dishwasher or microwave (the customer can choose from three types of microwaves). The customer can take advantage of this deal twice (“Buy One, Get One Free. Buy Another One Get Another One Free.”), which allows him/her to essentially purchase a cooking and refrigeration appliance and receive a free dishwasher and a free microwave. That’s a complete kitchen suite for a fraction of the cost of a full price luxury Viking suite.

These two deals can be combined. Customers who spend \$10,000 or more by shopping through the Viking BOGO deal can also get the 5% discount. Detailed information about each rebate can be found on the Viking Buy One Get One Rebate page and the Viking 5% off \$10,000 page. Appliances Connection has also published an article, [“Viking Rebates | Luxury Kitchens for Less.”](#) with further information about some of the qualifying products and the deals themselves. That article and many other helpful articles can be found in the Appliances Connection Learning Center.
