

# Top mobile game development companies

---

*List of top mobile game app development companies by AppFutura, a leading mobile app development marketplace.*

BARCELONA, BARCELONA, SPAIN, February 9, 2018 /EINPresswire.com/ -- AppFutura continues the quest to identify the best [mobile app development companies](#) around the world. This time, the focus is on [mobile game developers](#).

As per some mobile game statistics, \$46.6 Billion worldwide was the revenue of mobile app games during 2016. It is not yet the majority of video game revenue, it is just the 37%, but previsions say mobile gaming is an increasing trend.

App development companies have a great market working on mobile game development. In fact, App Annie shows that among the top apps on the iOS App Store in United States in January 2018 there is more than one mobile game among the top free, paid and grossing rankings.

Due to this increasing trend on mobile game development and users willing to find new mobile games daily, AppFutura has made a list of the [top mobile game development companies](#) that have a profile on the platform. Congratulations to all!
