

Promoting Gender Diversity in World Oil & Gas

Full Program Industry and Thought Leaders on Gender Diversity

LONDON, UNITED KINGDOM, February 12, 2018 /EINPresswire.com/ -- Being hosted and organised by the Global Women Petroleum & Energy Club and being held at The Waldorf Hilton Hotel in London on Tuesday 20 February.

A hot topic at the moment and the event [program](#) will provide a platform for a conversation how the industry can encourage and support the growing importance of women in this sector.

In this new era, oil and gas companies are still underrepresented in gender diversity and senior management must consciously make moves to address the imbalance.

The Global Women Petroleum & Energy Club will bring together industry leaders and independent experts, to discuss the big topics around gender diversity.

You will hear some Personal Journeys from women at various points in their careers from around the world and how they have overcome adversity to enjoy vibrant careers. How can oil companies successfully tackle the challenges and attract new female talent?

The event features a formal two-course Luncheon with Keynote Speaker.

There will be a Working Session with the World Petroleum Council/Boston Consulting Group who will present their recent Report 'Untapped Reserves: Promoting Gender Balance in Oil and Gas' and gather your thoughts on how we can tap into female talent as an industry.

C-Level strategists, head hunters and board members would benefit from being part of the debate.

Confirmed speakers:

Gayle Meikle, President, Global Women Petroleum & Energy Club

Tracey Henderson, Senior VP Exploration, Kosmos Energy, Dallas

Kerry Smith, Strategy & Planning Manager, Woodside Energy, Perth

Emma Wild, Partner, Head of Upstream Advisory Practice, KPMG, London
