

Jo Jo Dascenzo to be Featured on CUTV News Radio

MILWAUKEE, WISCONSIN, UNITED STATES, February 12, 2018

EINPresswire.com/ -- Jo Jo Dascenzo is an emotion code and body code practitioner, a healing technique that was developed by Dr. Bradley Nelson, which identifies and corrects energetic imbalances to help create ultimate health and happiness.

An RN for 34 years, Jo Jo was introduced to the Emotion code, and immediately resonated with this healing technique, in hoping to help a friend who was diagnosed with terminal pancreatic cancer.

“Psychiatric Mental health nursing has been my specialty, throughout my career I have always taught holistic, preventative life style changes to create health and wellness,” says Jo Jo.

Energy healing is another form of preventative health that focuses on releasing trapped emotions and imbalances that set up the conditions for the body to heal itself.

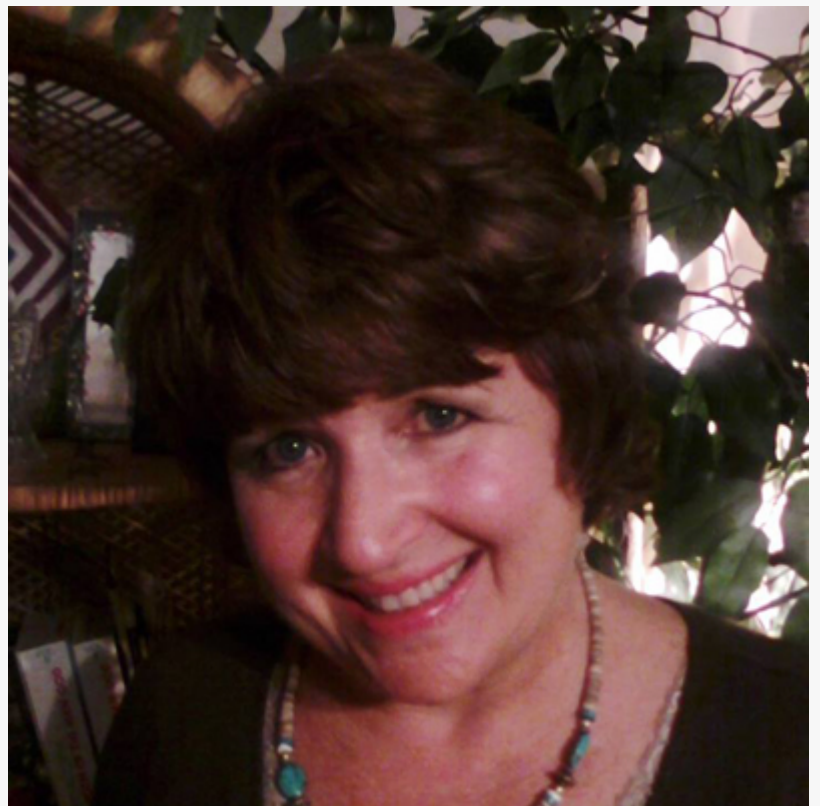

As an Emotion Code Body Code Practitioner Jo Jo enjoys working with individuals to release their Heart Wall.

“The heart wall is created by layers of trapped emotions that are a protective barrier, which over time, it’s the very thing that prevents us from being our true self.” says Jo Jo. “Once the heart wall is released, we live from the beauty of our true heart that is within us from birth.”

Physical effects of a heart wall can be actual physical pain, but it can also make us numb to our feelings, which can cause depression, relationship difficulty, low energy or indecisiveness.

Jo Jo says, “If everybody’s heart wall was released, everyone would be their true self and there would be peace on earth.”

“This work absolutely has to be done with a loving, grateful heart,” says Jo Jo “Gratitude is one of our highest vibrations. Any healing work on an energetic level must always come from love.”

CUTV News Radio will feature Jo Jo Dascenzo in an interview with Jim Masters on February 14th at 2pm EST and with Doug Llewelyn on February 21st at 2pm EST.
